THIRTY-FIVE DIE IN THE TORNADO

Terrific Storm Sweeps Brinkley, Ark.,
Killing Many, Injuring Scores
and Leveling the Town

NOT HALF DOZEN HOUSES LEFT STANDING

St. Louis, Mo., March 9.—A special to the Post-Dispatch from Brinkley, Ark., says thirty persons were killed, fifteen to forty were injured and more than \$1,000,000 in property loss was caused by a cyclone which swept this city of three thousand population last night.

The city is a total loss. The cyclone passed over last night at 7 o'clock and when daylight revealed its work this morning it was found that the business section was in ruins and nine out of every ten of the residences had been destroyed.

Among the identified white persons are William Porter Foote, J. L. Sterrett, Henry Stovall, Jr., Mrs. Phillips, Mrs. Belle Darden, Charles Frenz, John Hood, Mrs. Hood, Miss Clara Rose.

The number of injured is estimated at forty. Among the negroes the loss of life is estimated at twenty-four.

The cyclone came upon the town without a moment's notice. About six residences remain standing and these are damaged. The neighboring towns are lending aid. Soon after daylight relief trains began to arrive. The dead are being taken to Helena, where they will be prepared for burial, as the undertaking establishments of this place are destroyed.

THIRTY-FIVE DEAD.

Memphis, Tenn., March 9.—A dispatch to the News-Sentinel from Brinkley, Ark., at 1 o'clock today says fifteen white people and more than twenty negroes were killed in last night's tornado and it is variously estimated that there are between fifty and one hundred persons injured. As the day progressed relief parties found the dead bodies of many negroes under the debris.

Additional white dead:
Two children of MRS. BELLE DARDEN.
MRS. JOHN REED.

REPORTS NOT OVERDRAWN.

Destruction of Brinkley Was Almost Complete.

Wheatley, Ark., March 9.—Residents of Brinkley, Ark., which was devastated by a tornado last night, are arriving here and tell of the catastrophe.

Earlier reports of the deaths and the destruction of property were not overdrawn.

The Known Dead.

A revised list of the dead, as brought here, follows:
Carter Foote.
Mrs. Belle Darden.
J. U. Sterrett, a traveling shoe salesman.
Henry Stovall, Jr.

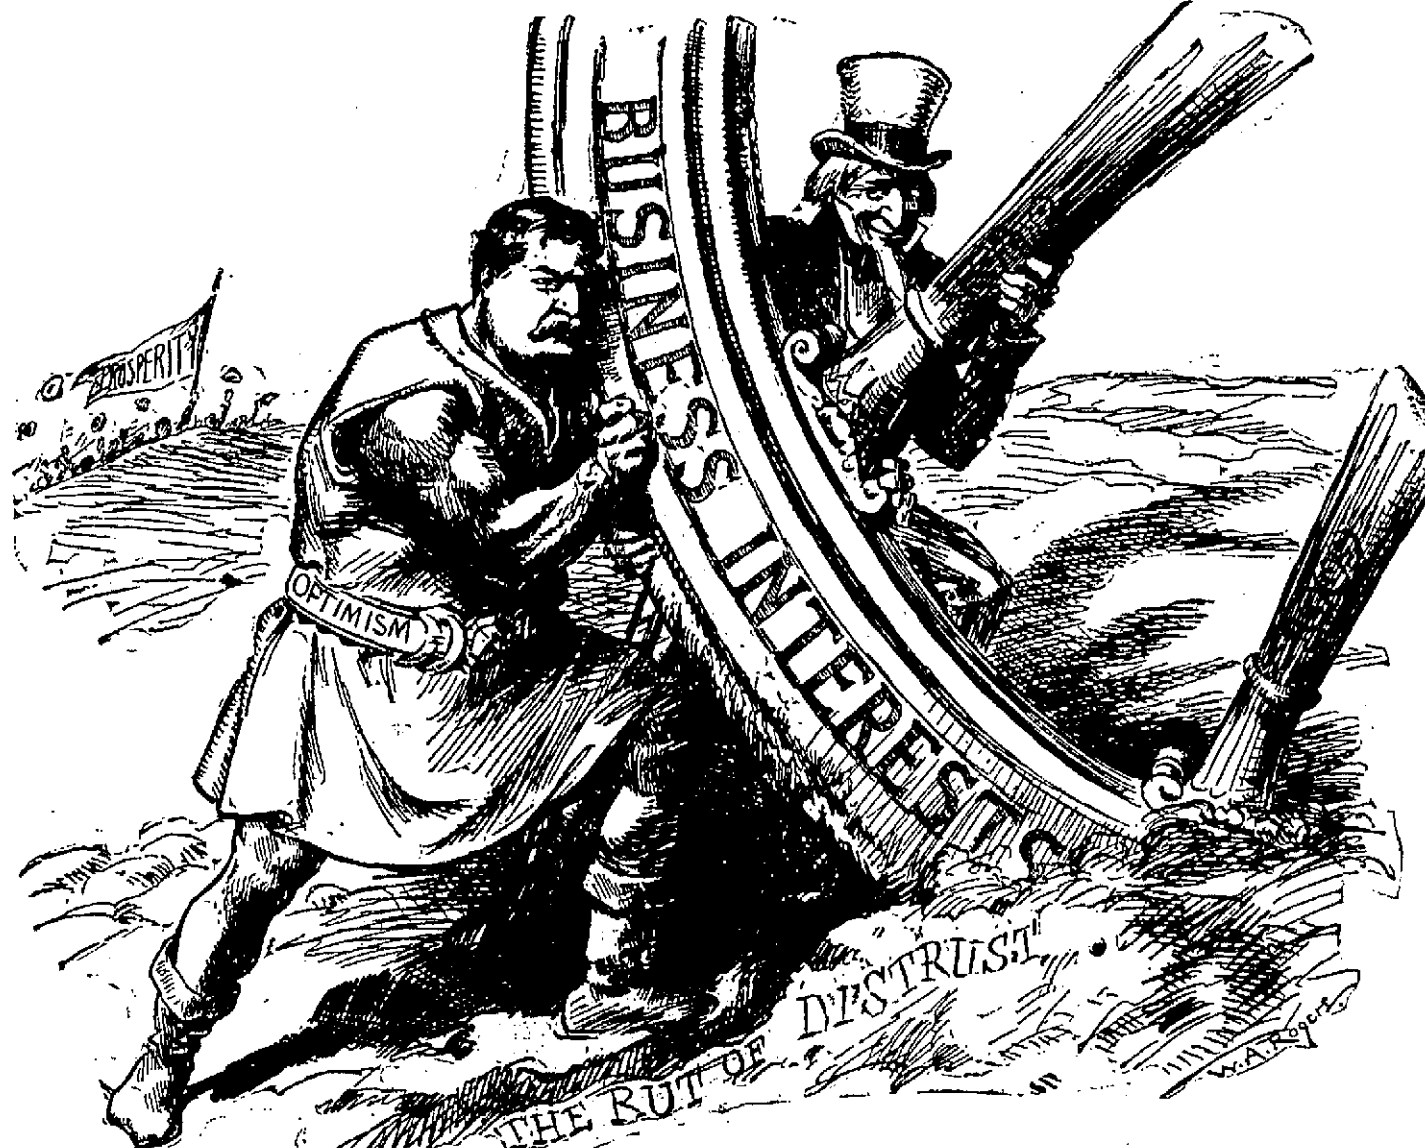

ROOSEVELT FAMILY TO SPEND TIME IN ITALY

Will Visit With Mrs. Roosevelt's Sister While
Husband Hunts.

Oyster Bay, N. Y., March 9.—According to ex-President Roosevelt's family, with the exception of Theodore Jr., will spend most of the time in Italy while Mr. Roosevelt is away. They will be the guests of Mrs. Roosevelt's sister, Miss Carey, at her villa near Rome.

It has been planned to have Mrs. Roosevelt leave Italy early in March, 1910, and journey across the Mediterranean to Alexandria and thence by boat and rail up the Nile to Khartoum. Here Mr. Roosevelt, with his expedition, will arrive about April 1 and will be met by Mrs. Roosevelt. They will make visits to points of interest in the way down the Nile and then proceed to Europe, where Roosevelt has made several visits for the early summer.

HIS SHOULDER TO THE WHEEL

—From the New York Herald.

BAKER TRIAL IS DRAWING TO END

State Starts Impeachment
of Prisoner's Witnesses.

WILL FINISH BY
NOON WEDNESDAY

Attack is Made Upon the
Character of All the
Prisoners.

[Special Correspondence.]

Huntington, Ind., March 9.—The state's attorney's put in most of the day today and a part of yesterday afternoon impeaching the characters of John Baker, on trial for the murder of Marshal Columbus Croy at Woodburn, and John Stout and Herman Miller, already convicted of the crime, and all of the lawyers engaged in the case were admonished that the taking of testimony must be completed by tonight. Judge Cook was told, however, that it would be impossible to do this and it is believed that until noon tomorrow will be necessary to finish with the witnesses.

Judge R. K. Erwin stated today that he will impeach the evidence of Clarence Omo and impeach him for perjury. He is the witness who says he saw Herman Miller and John Stout in a saloon on East Main street and heard the latter say that they had fixed that fellow and nobody would ever find it out.

In the other trials Omo is said to have testified that this conversation took place in January. Today he stated that it was overheard in June. Nine witnesses were introduced yesterday to impeach the characters of Baker, Miller and Stout, and while all testified that their general reputations were not good the majority of them said they did not think any of them was dishonest or would lie.

The impeaching testimony is along the same lines as were followed in the original trial of Miller and practically all of the evidence given then has been injected into this case. It covers contradictions of the men's statements and Judge Erwin went after the most of them and examined them closely seeking to show that Baker had never engaged in any serious criminal acts prior to the time the marshal was murdered.

If six hours is given each side for argument the case ought to be wound up by Thursday night. In any event, it is certain that the trial will come to an end before the close of the week.

250 SIGN PETITION ASKING A NEW BUILDING

Holton Avenue School Patrons Say Structure is
Overcrowded.

Patrons of the Holton avenue school at East Creighton and Holton avenues went before the city school board at its meeting Monday evening with a petition for a new school building, declaring the present structure is overcrowded. There were 250 signatures attached to the petition, and the activity with which patrons of the Holton avenue district took hold of the matter is revealed in the fact that but a single day was required to secure the 250 signatures.

The board has taken no action regarding new buildings for the coming year, and members say they will take no steps in this direction until they know definitely the sum of money that is likely to be available.

Thursday, June 17, is the date selected for the annual commencement exercises of the high school. Teachers were also granted a vacation of three days—April 1, 2 and 3—in order that they may attend the state teachers' convention at Indianapolis.

Miss Eva Peck has been appointed third assistant librarian at the public library, succeeding Miss Grace Smith, who resigned recently.

A. M. Tyler left today on a business trip to Cleveland.

THE WEATHER.

Chicago, March 9.—For Indiana—Rain and colder tonight turning to snow flurries and much colder Wednesday.

Illinois—Rain or snow tonight with colder in south central portions; Wednesday threatening and colder with snow flurries in north and central portions.

Lower Michigan—Rain or snow tonight and Wednesday; warmer in southeast portion tonight; colder Wednesday afternoon; high east to northeast winds.

SOLONS AVOIDED EXTRA SESSION

Agree on Appropriations
Bill and Governor
Signs It.

INDIANA ASSEMBLY COMES TO AN END

Compromise Early in the
Morning Made Adjournment Possible.

Indianapolis, March 8.—The Indiana legislature adjourned finally at 2:15 this morning and the members left for their homes today.

The prospect of an extra session passed away when the republicans and democrats agreed to compromise on the appropriations bill. It was passed and Governor Marshall signed it.

Governor Marshall also signed the Smith bill providing for a tax levy of 2½ cents on \$100 for the state sinking fund during the next two years.

The appropriations bill was cut \$118,000, the senate receding that much for what it had contended. The maintenance fund for Indiana university was cut from \$40,000 to \$35,000. Purdue university suffered similarly. Appropriations of \$5,000 for a greenhouse, \$10,000 for veterinary clinic and \$15,000 for a cattle barn at Purdue were denied.

In consideration of the republicans yielding on the appropriations bill the democrats allowed the senate amendments to stand as to the title of a custodian for the state house and provisions for the transfer of \$700,000 from the sinking fund to the general fund. Among cuts made were in the school for deaf and dumb, \$10,000; state normal school, \$15,000; Lafayette soldiers' home, \$28,000; Indiana girls' school, \$40,000.

The Thornton cities and towns bill, so amended as to contain only its original provisions, was signed by the governor today. As passed it does not repeal the law preventing officers in first, second and third class cities from succeeding themselves.

LIKE AN EXTRA SESSION.

That Was the Appearance of the Situation Until Late.

Indianapolis, March 9.—The senate and house were in a deadlock at a late hour last night on the general appropriation bill, but experienced members on both sides of the assembly believed the bill would be passed as finally it was after the legislative clocks had made time stand still. Yet there seemed a probability that the assembly might be contracting by its delay a \$25,000 special session of the assembly—all because of a dispute as to who should appoint the custodian of the state house, an \$1,300-a-year job. Senator Will R. Wood, republican floor leader in the senate, and Speaker Tom Homan were in conference for some time last night. When they were through Senator Wood said the situation looked blue, but he said that he felt sure they would get together before adjournment.

[Continued on Page Two.]

HARTLE LOSES MIND FOLLOWING LOSS OF SIGHT

Former Deputy Sheriff is
Placed in Hospital at
the Jail.

Samuel Hartle, a riding deputy when Jesse Grice served the county as sheriff, was placed in the hospital ward at the jail last night and today a commission consisting of Drs. W. D. Calvin, W. W. Barnett and Morise Harrod was summoned to appear in Justice Tancey's court to pass upon his mental condition.

His condition is most pitiful. Shortly before he resigned as deputy sheriff he was greatly troubled with his eyes and at the same time his office associates thought his conduct queer, but he resumed work at his trade of carpenter and followed that until his sight failed and he is now totally blind in addition to his mental affliction.

Last night the police were called to his home on East Wayne street, where his condition became so violent that it was thought best to place him under restraint. Sheriff Retschelder was called and with Mr. Grice removed him to the jail. Hartle is well known in the county and was a faithful officer during the time he served, but a short time before he resigned he sought to get damaging stories into the papers about his chief and while this was not understood at the time it is now attributed to the fact that he was unbalanced.

RIVERS LIKELY TO GO ON BOOM AGAIN

New Rise in Local Streams
is Forecasted from
Ohio Station.

A new rise in the rivers in Fort Wayne is forecasted in a telegraphic bulletin to Observer O. E. Mohler from the Ohio weather bureau at Columbus this morning. Meteorological conditions over the Ohio region are favorable to a further heavy rainfall during the next twenty-four hours.

This will be sufficient, it is forecasted, to send the rivers about Fort Wayne up to flood stage again. Since the flood mark two weeks ago the streams have been receding slowly, and up to this time are now carrying a heavy volume of water.

Rainfall in Fort Wayne for the twenty-four hours ending at 7 o'clock this morning was .59 inch.

LOOKED UP SHELLEY.

The police were requested last night to look up E. C. Shelley, whose wife died yesterday and they had not located him today.

OIL OCTOPUS IS HIT IN MISSOURI

Indiana and Ohio Limbs of
It are Ousted from the
State.

WATERS-PIERCE GETS A CHANCE

Missouri Concern Will be
Given Opportunity to
Make Good.

Jefferson City, Mo., March 9.—Motions by the Standard Oil Company of Indiana and the Republic Oil Company of Ohio for a rehearing of the ouster suits recently decided against them and for modification of judgment were overruled by the Missouri supreme court today. The position of the Waters-Pierce Oil company was upheld, which was that the motion of the attorney general for an absolute ouster of the Missouri concern be denied.

Compliance with the court's order recently filed by the Waters-Pierce company was approved and the judgment of ouster against it was suspended.

The effect of these decisions is to expel the Indiana and Ohio companies from Missouri and to restore the right of the Waters-Pierce company, 60 per cent of whose stock is held by the Standard Oil Company of New Jersey, to do business within the state. The Standard Oil interests are expected to appeal from the decision and carry the case to the supreme court of the United States.

Victory for Waters-Pierce.

The decision is considered a great victory for the Waters-Pierce company and incidentally for the minority interest of that concern, who claim to have been making unavailing efforts to free the company from control by the New Jersey corporation. With this object in view they declined to approve the proposition made by the Standard Oil company of Indiana, that that company be allowed to continue business in the state under a trusteeship composed of representatives of the court and the company.

This proposition excited the liveliest interest in that it would have given to the state a measure of direct control of a corporation's affairs, had it been adopted by the court. But it was ignored in the announcement by the chief justice, which simply stated that the motion for a confirmation of the ouster decrees had been overruled. With the judgment of ouster made absolute against the Standard Oil company, of Indiana, and the Republic Oil company, these concerns must now pay their fines of \$50,000 each and cease business in the state.

Fine Has Been Paid.

The \$50,000 fine assessed against the Waters-Pierce company has been paid. In conjunction with the certified check which the Missouri company filed with the clerk of the court there was presented a document "accepting" the court's original decree, which carried a conditional permit to continue business.

SCHMIDT SAYS HE'S IN RACE FOR MAYOR

Thornton Bill as Amended
Bars Present Officials
from Re-Election.

Following the passage of the amended Thornton bill, which now bars present city officials in Fort Wayne from re-election, City Controller A. M. Schmidt today confirmed well-defined rumors that he was to be a candidate for the mayoralty. Asked if he intended getting into the race now, Mr. Schmidt today said:

"I don't think there's any doubt of it."

Much interest was aroused in Fort Wayne by the amendment, and passage of the Thornton cities and towns bill in the closing hours of the legislative session, which in its revised form prevents present elective officials from being candidates to succeed themselves. The situation was the big topic of conversation in local political circles about town today.

When the bill as originally passed some days ago removed the bars and opened the way for possible re-election of city officials, it nipped in the bud a number of possible candidacies here. Judge B. W. Skelton at once declared that he was a candidate for re-election as municipal judge, and the announcement was also made that City Clerk Frank Mungovan would be a candidate for re-election. And while Mayor Hoesy stated that he had not yet made up his mind in the matter, it was generally believed that the mayor would try for another term. All this had the effect of a nipping frost upon a number of other possible candidacies that may now be expected to begin to gleam above the political horizon.

The Thornton bill, as originally passed was a sweeping one, applying to all the cities in the state. Governor Marshall interposed objections to it in this form, intimating that unless it were amended to apply only to fourth and fifth class cities, he would kill it by veto. The house at an early hour this morning struck out the features objectionable to Governor Marshall and a little later Governor Marshall affixed his signature. As now enacted into law, the bill does not affect Fort Wayne at all.

Will Elect Committeemen.

New city central committeemen will be selected in Fort Wayne Thursday by both the democrats and republicans, and the new committeemen then chosen will be in charge of the coming city campaign. Polls will be open in each of the city precincts Thursday from 4 o'clock to 8 o'clock p. m., and the polling places of the two parties will be separate.

BAD INDIAN IS HELD.

Cincinnati, Ohio, March 9.—Bicody, the Navajo Indian chief, who ran amuck recently in the Grand Central station and stabbed three persons, was bound over to the grand jury today on a charge of assault with intent to kill, and was remanded to jail after failure to give bond for \$2,500.

DEATH ENSUES VERY QUICKLY FROM APOPLEXY

Mrs. Frank J. Perrey Was Stricken Suddenly—
Other Deaths.

Stricken suddenly by apoplexy at her home shortly after midnight, Mrs. Veronice Perrey, wife of Frank J. Perrey, 1302 Jackson street, died before a physician who was summoned could reach her bedside. Her sudden death was a most distressing shock to a large circle of friends. The bereaved husband is a well-known householder.

Mrs. Perrey's age was 40 years, 11 months and 27 days. She was born and reared in Fort Wayne, and was a member of the Cathedral congregation and of the Rosary society. Surviving relatives include the husband, one son, Edward J. Perrey, a brother, Charles Wirscho, of Monmouth, Ill., and a sister, Miss Paulina Wirscho.

MILLER.

Robert Miller, manager of a dry cleaning establishment in this city, died at midnight from pneumonia at St. Michael's hospital, and an additional sad phase of the case is the fact that his young wife is still bedfast from an operation in the institution where her husband died.

Mr. Miller's age was 30 years, 8 months and 21 days, and he came with his wife to Fort Wayne a few months ago from Toledo. Four weeks ago the wife was removed to the hospital to undergo an operation, and two weeks later the husband was stricken with pneumonia and removed to the hospital. The wife, although recovering from the effects of her operation, is still confined to her bed at the hospital, and news of the death of her husband utterly prostrated her.

The remains of Mr. Miller have been removed to the Scheumann & Ulmer undertaking rooms to be held until the wife is sufficiently recovered to leave the hospital.

VER VALIN.

Mrs. Anna VerValin, wife of Jay S. VerValin, yardmaster for the Nickel Plate railroad, died at 7 o'clock Monday evening from dropsy at the family home, 621 Osage street, after an extended illness. Mrs. VerValin was 47 years of age and had been an invalid for the past three years. She was a most estimable woman, and prior to her illness was active in religious work and in the Ladies' Auxiliary to the Order of Railway Conductors.

Mrs. VerValin was a member of the Cathedral congregation and of the Sacred Heart league. The husband and three children—Margaret, Solomon, and George VerValin survive, as well as three brothers and a sister—J. T. E. J. and S. M. Rafferty and

Mrs. Samuel Blair, of Kalamazoo, Mich.

Funeral services Thursday morning at 8:30 from the residence and at 9 o'clock from the Cathedral.

FUNERAL NOTICES.

Upmeyer.—Funeral services for Herman H. G. Upmeyer will be held Wednesday afternoon at 2 o'clock from the residence, 1306 West Main street, and at 2:30 from Emanuel Lutheran church. The remains may be viewed by friends at the residence this evening.

Beighler.—Funeral services of John Beighler will be held at 10 o'clock Wednesday morning from the residence, 925 Home avenue, Rev. A. K. Zartman officiating. Harmony lodge, No. 19, I. O. O. F., will have charge of the funeral.

Weisenberg.—Funeral services of August Weisenberg, jr., will be held Thursday afternoon at 1:30 o'clock from the residence, 607 Madison street, and at 2 o'clock from St. Paul's Lutheran church. Friends may view the remains at the home from Wednesday noon until Thursday noon.

APPEAL FOR PROGRESS.

Rabbi Levy, of Pittsburg, Gives Inspiration in "Marching On."

One of the best platform speakers in the United States, Rabbi J. Leonard Levy, of Pittsburg, delighted a large audience at the Jewish temple Monday evening in his lecture, "Marching On." It was the second number in the course of free lectures now in progress at the temple, and the effort of the eloquent divine was an appeal for progress along every line that tends to uplift and better humanity, secular as well as religious. The address was inspiring throughout. Rev. Dr. Levy reached Fort Wayne Monday afternoon from Pittsburg, and today he continued westward on a lecture tour that will take him as far as Denver.

HE CAN EAT HORSE RADISH.

Albert Pulitzer Spends \$40 for Cables to Find Out.

San Francisco, March 9.—For the privilege of eating horse radish Albert Pulitzer paid forty dollars. He did not buy a garden where the torrid vegetable is grown, but invested the money in a cablegram to his physician in Vienna. Pulitzer has retired from newspaper work and is here writing his memoirs. The message to Vienna read as follows: "May I eat horseradish?" and back over the Atlantic came a laconic "Yes" from the doctor who regulates the diet of the former editor. The charges were forty dollars, but as Pulitzer departed for the dining room with a smile, it was evident that he thought it was money well spent.

STORM RAGES IN THE WEST.

Heaviest Snow Storm of Season in Iowa and Kansas.

Topeka, Kas., March 9.—The heaviest snow storm of the year prevailed here today and was general over the state. Trains were from one to two hours late. The temperature was about freezing. The snow in Topeka was sufficiently heavy to tie up street car traffic.

Des Moines, Ia., March 9.—All Iowa awoke this morning to find one of the severest snow storms of the season in progress. Snow began falling in the central portion of the state shortly after midnight and it continues with severity. Luckily the wind is not strong, while the thermometer is above zero. Trains are being moved with some difficulty and street cars are running intermittently.

TWO IN BANKRUPTCY.

Petitions Are Filed From Whitley and Wells Counties.

John F. Schoenauer, formerly a hardware dealer at South Whitley, has filed a petition in bankruptcy in the federal court in Fort Wayne. His liabilities are scheduled at \$873.19 and his assets at \$108. F. J. Heller, of Columbia City, is his attorney.

Charles E. Hunt, a farmer in Wells county, is another petitioner. His liabilities are \$2,098.25 and his assets are \$508, of which \$600 is claimed as exempt. Eichhorn & Vaughn, of Bluffton, are attorneys for petitioner.

HOPE TO HAVE PEACE.

New York, March 9.—A man believed to be Charles Loeffler, of Newark, N. J., entered the hat store of A. Wheeler, at 690 Broadway, Brooklyn, today, shot and seriously wounded Norman Bush, twenty-three years old, and then shot and killed himself. A note found in the dead man's pocket indicated he had had a grievance against the store in which Bush was employed as a clerk, because of a purchase he recently made there.

RABBI SPENDS HOURS IN JAIL.

Refuses to Pay Fine on Conviction of Cruelty to Animals.

Atlantic City, N. J., March 8.—Convicted of cruelly slaughtering a sheep, Rabbi Morris Klapowitz of Rodef Sholem synagogue yesterday spent several hours in city jail because he refused to pay a fine of \$15, and was released by Attorney Henry Scherer, state island waterway commissioner, whom the Hebrew priest called into jail for consultation.

The crime of which he was adjudged guilty by Magistrate Hughes occurred on Saturday, when Mrs. Annie Warner saw him cut the throat of the animal in a vacant lot. Remonstrating the rabbi, she asserted, threw something at her taken from the suffering sheep. Other witnesses testified that the rabbi put the sheep's throat, and it suffered for an hour or more before it died.

The rabbi paid the fine under protest and the rabbi secured his freedom. The case is to be appealed.

Mrs. Warner claimed that she was a volunteer agent for the S. P. C. A., which did not, however, appear, and she also asserted that city laws forbid the slaughter of animals on the open lots or anywhere in the city except under proper regulations.

FOUR WILLS PLACED ON THE COURT RECORDS

Property of Decedents is Divided—Damage Suit on Trial.

The wills of John Beighler, Catherine Hunsche, Herman G. Upmeyer and Susan M. Jones were offered for probate in the circuit court today and all were admitted to the records.

Beighler gave to his wife, Frances Beighler, all of his personal property in their household during her natural life and set aside for her benefit the sum of \$8,000 upon which she is to receive the income as long as she lives. Alice Bunette and Frances Scherrer, two daughters, are to be paid \$2,000 each and the residue of his estate is left to his grandchildren, John P. Bunette, Bertha B. Hiteman, Clarence and Roy Scherrer.

Catherine Hunsche's will was a bit out of the ordinary in that she left to her husband only the portion to which he is entitled under the law and after the sale of her real estate and the payment to him of the amount due \$200 is bequeathed to William Upmeyer and one-sixth of the remainder each to her friends Sophia Uhlenhake, Charlotte Fruth, Mathilde Auer, Louise Stook, Caroline Peters and Caroline Hunsche. Henry Hilgemann is named as executor.

Herman G. Upmeyer devised that his wife shall come into all of his personal property and that she shall give one-third of it to their son Carl Upmeyer. She is left in fee simple real estate at Ashley and the son is to receive all advances made to him and property in Chicago and in Muncie.

This is conditioned upon the provision that he shall be satisfied with the disposition and that no account shall be taken of some sort of an instrument executed September 29, 1899.

Susan M. Jones bequeathed all of her property to her husband, Henry C. Jones. It consists of real estate in the city and personal property.

Big Damage Suit on Trial.
The damage suit of Sebastian Miller against the Fort Wayne and Wabash Valley Traction company was placed on trial in the circuit court today before a jury. Miller demands \$11,000 and says that his horse became frightened at a car on Broadway several months ago and that the motorman instead of checking up when he saw the horse running away, followed him down the street and eventually caused the upsetting of his buggy and severe injuries resulted.

Case Was Continued.

The case of Earl Miller against John Metesker was to have been tried in the superior court today, but City Attorney Colerick asked a postponement so that he could go to Indianapolis and use his influence toward keeping in the amendments to the cities and towns laws that allowed officials to succeed themselves. The action is for damages. Miller says that Metesker struck him with a piece of coal and injured one of his eyes.

Court Notes.
Bertha Baumert was granted a divorce from William Baumert in the superior court.

Annie Manta has filed suit against Morris King to recover \$63 which she alleges he took away from her. She is the Rumanian woman whose husband is charged with skipping out with some money given him by a boarding club of which he was the head.

Ernest Henschen was granted a divorce from Pearl C. Henschen in the superior court.

SCREW DRIVEN THROUGH HEAD.

Italian Found Dead in a Box Car at Bloomington, Ill.

Bloomington, Ill., March 9.—Frank Gary, an Italian section hand, was found dead in a Chicago and Alton box car today with a screw driven into his head by a mallet. Samuel Misolno, a companion with whom Gary quarreled last night, is missing. On Gary's breast was planned a blood stained note signed with Misolno's name, saying: "I killed Gary because he attempted to rob me. I am afraid and am going to Chicago."

Hotel Stockholders Privileged to Invite Single Guest.

The big banquet for the two hundred stockholders in the Fort Wayne Hotel association has been definitely decided upon for Thursday, the 18th of this month, and invitations have been sent out privileging each stockholder to invite a single guest to that gathering. The committee in charge has not yet chosen the toastmaster and but a very small program will be arranged, as it will be sought to make the affair as impromptu as possible.

FLOOD IS FEARED.

Louisville, Ky., March 9.—An unceasing downpour of rain in Louisville and vicinity since early Monday indicates a local flood which may cause the damage and inconvenience of that of three weeks ago. Up to noon today more than three inches of rain has fallen. The lower end of Jefferson county is submerged.

KILL KANSAS RATE BILL.

Topeka, Kan., March 8.—The senate today adopted the report of the railroad committee which recommended that the two-cent fare bill be not passed. This ends the two-cent fare legislation in the Kansas legislature for this session.

SOLONS AVOIDED EXTRA SESSION

(Continued from Page One.)

Senator Wood said all that would be necessary would be for one side or the other to give in as to the appointment of the custodian, and he did not believe that a \$25,000 special session would be made necessary by a dispute over so small a matter. He believed the bill could be passed finally as it went through the senate as far as financial matters were concerned and that the governor would sign it, the greatest contention, as he understood it, being as to the custodian.

Talk of Extra Session.

There was much talk as early as noon yesterday of a special session of the legislature, and more than eight hours before the hour of compulsory adjournment—midnight—the talk of a special session had taken such definite form that the governor and democrats of the assembly were in touch with each other on the matter.

When there still remained eight hours until final adjournment the democrats of the house were marching out to Speaker Homan's room, signing a pledge that if a special session was called they would not introduce or vote for anything but the appropriation measure. They appeared determined at that time never to give in to the republicans as to the appointment of the custodian of the state house whether a \$25,000 extra session of the assembly were the result or not.

The republicans throughout the afternoon were no less willing to give in, declaring that they had made up their minds for good and all, and the actual break came in the senate yesterday afternoon when the republicans, after a caucus at noon, voted against the appointment of another conference committee to take the place of the committee which had failed to agree.

Both the senate and the house adjourned early at the afternoon session until 8 o'clock, the senate adjourning at 4 o'clock and the house a short time later. Each was looking to the other for concessions.

While the republican members of the conference committee charged the democrats with playing politics, the democrats in their report to the house and senate declared the differences in the conference committee to be the result of a disagreement over financial affairs, charging that the republicans wanted to appropriate more money than the state would likely have.

The republicans declared that the whole difference in the committee was the result of the contention as to the appointment of the custodian of the state house.

House Democrats Meet.

The democrats of the house met yesterday afternoon in the room of Speaker Homan and signed a communication to Governor Marshall in which they pledged him, if a special session were called, they would not take up any other measure except the appropriation bill. The statement to the governor follows:

The undersigned democratic members of the general assembly of the state of Indiana hereby solemnly pledge their sacred honor that in the event the governor of this state shall be compelled to call a special session of the general assembly for the purpose of making appropriations, that in such session they will not introduce any bill, nor vote for any bill, except the necessary appropriation bill, and they hereby consent that this shall be considered as a caucus measure.

The pledge was signed by all the democratic members except Representatives Hill, Madigan and Malsh, all of whom were absent yesterday. Speaker Homan and Representative Smith took the paper to the governor's office. They remained with him for a little discussing the situation. After leaving the executive office they said the governor was determined that the democrats should stand their ground.

In discussing the situation yesterday Governor Marshall said the appropriations provided in the bill would have to be cut down or he would not sign it. He said, also, that he might call a special session of the legislature. He declined to say whether it was at his suggestion that the democrats of the house had met, but it was said that Governor Marshall had desired to know whether the democrats would agree not to take up any bills, other than the appropriation bill, should a special session be called.

Hearken Back to 1905 Days.
Legislators yesterday remarked the similarity between the closing of this session and that of the session of 1905, when there was a division of the conference committee on the appropriations bill because of differences on the appropriations for Indiana university. This division lasted until midnight of the closing day of the session and it was necessary to set the clock back. The whole appropriations bill, however, has been involved in the fight this year.

It was pointed out that Governor Marshall could continue the session in 1909 in special session or he could call one later, giving ten days' notice. It was said at the governor's office, however, that if it came to a special session the governor would wait for the warmest day of the year.

It was declared that under sections 3423 and 3424, Burns' revised statutes, 1908, the governor, the secretary of state and the treasurer of state could pass upon the warrants for all of the state institutions in payment for current expenses except the Indiana reformatory, the state prison, the boys' school, the girls' school and the village of epileptics.

Governor Marshall said yesterday that what he objected to most was the proposed transfer of \$900,000 from the sinking fund to the general fund for the appropriations. The governor insisted yesterday that there is no law authorizing any such transfer. He

had figured closely and decided that the state debt could about be wiped out at the end of four years. The governor insisted, also, that there is no positive assurance that the state will be able to command the expected 5 per cent. increase in revenues.

GOVERNOR ACCEPTS BILLS.

Saves Baby Farm Measure From the Legislative Dump.

Indianapolis, Ind., March 9.—Governor Marshall consented to receive the four senate bills, which he turned down Saturday night after the expiration of the time limit which he had set for the receiving of bills, and yesterday gave his approval to the measures.

Among the more important of these is the Cox "baby farm" bill and the Wood schoolbook bill. The latter is practically the only schoolbook legislation of the session, the several other bills which were introduced became lost in the rush of other matters.

Senator Wood's bill is one which has been commended by members of the state board of education, as well as other educators. Among other things, it requires that schoolbook companies furnishing books to the Indiana schools shall make the same price that is given to other states, thus avoiding any discrimination.

The Cox bill provides for the regulation of baby boarding houses by the board of state charities. It has been commended by a number of charity workers in the city and elsewhere.

Employment Agency Bill Approved.

The other bills which the governor declined to receive Saturday night and which he approved yesterday are the Orndorf employment agency bill and the Pelzer insurance agency measure. The bill introduced by Senator Pearson, requiring the names of persons connected with companies doing business under the name of an incorporation to be filed with the clerk of the circuit courts, was also among those signed.

The senate found it rather difficult to get down to real work, perhaps because it was the last day of the session. President Hall was more than an hour late in calling the members to order. The members were in session only a few minutes before a recess was taken to attend the joint meeting with the house to listen to the address of former Vice President Fairbanks.

Late in the afternoon, when the members became tired, a motion to adjourn carried and the solons took occasion to jest with each other.

Senator Brady, while the motion to adjourn was pending, succeeded in receiving recognition from President Hall to introduce a resolution drawn by the Society of Friends, which expressed appreciation to the members in defeating the repeal of the county local option law. When the resolution was read the republicans cheered lustily.

OIL OCTOPUS IS HIT IN MISSOURI

(Continued from Page One.)

These provisions included one that the company must be reorganized so as to be free from Standard Oil control. There was nothing in the document to show that this had been done, and on this basis the attorney general moved that the ouster decree be made effective at once. When informed of the court's action today, Attorney General Major said:

"The decision simply means that the Waters-Pierce will not be ousted from the state at this time. However, the original judgment of the court will stand against it, so that if it violates the court's decree, the state can renew its application for ouster."

"The state asked that the court make the ouster decree immediately as we contended the Waters-Pierce company had not complied with the conditions laid down by the supreme court in the first instance."

In their dissenting opinion Justices Woodson and Lamm hold that the Waters-Pierce company has not complied with the court's order to withdraw from the "trust" relation with the other companies.

SHELDON SCHOOL OPEN.

Scarlet Fever Scare Over in Pleasant Township.

The scarlet fever scare in Pleasant township that resulted from the spreading of scarlet fever from Wells county is now over and the two-room school in Sheldon was opened this morning with a reasonably fair attendance. For the past two weeks the school has been quarantined but at present there is only one case of the disease in the town. Truant Officer W. I. Work made a visit at the school this morning and reports that everything was in good condition.

DR. GUNSAULUS STRICKEN.

Noted Lecturer's Right Leg Paralyzed and He Cancels Engagements.

Des Moines, Iowa, March 9.—Dr. Frank Gunsaulus, noted divine and lecturer, was suddenly stricken at Cedar Rapids, where he was to lecture last night and was forced to cancel his engagements and return to Chicago. His right leg is paralyzed.

The Fort Wayne Abstract company is moving into offices in the Bank block.

NOTICE
Drs. Dentists, Office Men

I have some modern office rooms (second floor), for rent, including heat and water. "Minuet" Building, 121 E. Washington St., near Calhoun. Telephone 68. Geo. F. Trifer. 9-11-13

MAY FIX ANOTHER HIGH SCHOOL IN COUNTY

Supt. Felger on Inspection Visit in Monroeville With Kokomo Man.

In order to establish a relief for the situation now met by school pupils of the high school age in the eastern part of the county, Superintendent Felger, of this county, and E. E. Roby, superintendent of the Howard county schools, with headquarters in Kokomo, are today inspecting the high school at Monroeville, with the view of making it a commissioned school. Mr. Felger and Mr. Roby will make their report as to the standard of the school to the state board of education and if it is favorable, it means that those pupils who have been coming to Fort Wayne from the townships in the eastern part of the county for a thorough high school education may obtain it at Monroeville.

At present there are thirty or forty such pupils in the local high school and many of them are put to serious inconvenience in order to make the trip here.

CITY BREVITIES.

F. W. Tucker, of Peru, state pure food inspector, was in the city last night.

Henry Grabner, a justice of the peace in Adams township and elevator man at the court house, submitted to an operation last night at the St. Joseph hospital for gall stones and his condition was found to be much more serious than suspected.

Bert J. Griswold, of this city, will give a "chalk talk" on "The Record in the Face" before the South Bend Y. M. C. A. on the 28th of this month. Senator F. J. Heller, of Columbia City, was in town today on legal business.

REAL ESTATE TRANSFERS.

Transfers of Real Estate Compiled by J. C. Heller, Abstractor, 725 Calhoun St.

CITY.

F. C. Helme to J. H. C. Kohlhauser, lot 14, Dreier and Williams' addition, for \$1,000.

Frank Hollmann to Edward Schroeder, fractional part section 1, Pleasant township, for \$150.

Abe Ackerman to Edward O'Reilly, part section 34, Jackson township, for \$7,800.

Abe Ackerman to A. and M. M. Clapp, lot 6, in subdivision of Rich. Res., Wayne township, for \$9,500.

Diedrich Lampe to Frederick Lampe, et al., part sections 17 and 18, Milan township, for \$13,850.

Julia F. Oswalt to Clara B. Griebel, part section 36, Washington township, for \$1,200.

John and E. Voglesang to E. M. Miller, lot 3, Diggins' subdivision 54, New Haven, for \$100.

Catherine R. Smith, et al., to Hiram and F. Frazier, part section 4, Lake township, for \$3,000.

A. and M. M. Clapp to Abe Ackerman, fractional part section 4, Jackson township, for \$2,000.

Abraham B. Miller, et al., to Isaac Younger, part northwest 1/4, section 11, Jefferson township, for \$10,125.

A counting machine that is reported to be an improvement over anything of the kind yet produced, the invention of a Swedish engineer, was recently supplied to the counting house of the Bank of England for experimental purposes, and its performance was highly successful in point of rapidity. The machine is operated by electricity and is capable of counting up and sorting money into paper bags or tubes at the phenomenal rate of 72,000 coins an hour.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Thomas Brenahan, of East Jefferson street—a daughter.

Born, to Mr. and Mrs. Charles Shields, of 1856 Lindley avenue—a daughter.

Born, to Mr. and Mrs. Carl Keller, of rural route No. 8—a daughter.

YOUNG BLOOD LOOKS GOOD AT MARLIN SPRINGS

Jack Myers and Ben Meyers are Dubbed the Twins.

Marlin Springs, Tex., March 9.—"The Meyers twins," "Archie" Latham shouted, as he introduced them to the crowd. "Both of the Meyers family, ladies and gentlemen. The only pair of twins in the world, one of whom is an Indian by birth and the other by choice"—but he got no further, for both "Meyers twins" took after the funmaker and ran him out of the base ball ground.

It was rather funny that the Giants should draw two of the "Meyers family" when the management took up the task of strengthening the team for 1909. Funnier yet, they both came out of the west, and from the St. Paul club. One of them was purchased. He is the Indian, pure and proper. The other was taken by draft. He is not the Indian, but he plays like one.

"Jack" Myers—and he spells his name "My-e-r-s," against "Meyers," as "Benny" spells his—is a giant in build. He is of the type of "Charley" Farrell before Farrell became so massive. He doesn't look a bit like "Mike" Kelley, but he will make old-timers think of "Mike" Kelley, for he is loose jointed, tall, and hits the ball with a full swing. All pitching seems to look alike to him. He probably will not be able to hit all pitchers the first time that he is introduced to them, but McGraw thinks that he will cultivate their acquaintance to such an extent that he will hammer the ball over all parts of the field when he gets his bearings adjusted.

"Benny" Meyers is quick and nimble and not so very tall. Evidently he knows something about the game. "He has an old head on young shoulders," said the New York manager. "Wherever he has played ball he has kept his eyes open and he knows the methods of the men better than some of the veterans. Tell him to do something in an emergency and you can make a wager that, if he failed to do all that he wished, he would do enough to keep the other side on the worry bench."

Fletcher is another youngster who has about as much chance to get away from the Giants as he has to lose himself in St. Louis, where he keeps a restaurant when he is not playing ball.

He has never had any experience in major league company, but he fits in major league base ball as if he had been cut from a tailor suit pattern. He will come east with the Giants and he looks as if he will graduate into a sure infielder for the team when one of these days it becomes necessary to place some young blood on the team to take the places of men who have lost their fire and early dexterity.

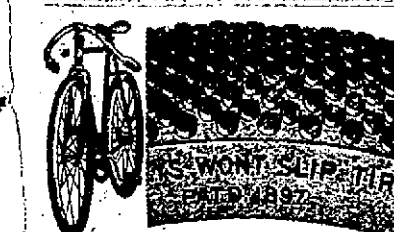

"Phil" Dresnahan, without a mask and leg guards, looks enough like Roger to be taken for another twin. With leg guards and the remainder of the paraphernalia any one would say that Roger was behind the bat, for his brother is a ringer for him in every way.

If there is any great difference between the men it is that Roger has taken on weight, and when you get close to both the added avoirdupois of the elder shows itself.

Perhaps "Phil" will not make the team, but it is very likely that he will be retained by the Giants or released by them to some club when he can be secured another year. "A little work in the minors always helps most of them," said McGraw. "If a player has it in him to play ball he can miss nothing by taking at least one season's experience with the Class A clubs. They play base ball nowadays but little slower than the majors."

A RELIGIOUS AUTHOR'S STATEMENT.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." Dreier & Bro.

YOUNG BLOODS DOING GOOD WORK IN THE CAMP

JOE RAIDY MAKES A GOOD START IN LEAGUE

Grand Rapids' New Manager is Liked—The Schedule Meeting.

More or less curiosity existed among the owners and managers at the Central league schedule meeting in Terre Haute yesterday about Joe Raidy, the new manager of the Grand Rapids team, who came into the organization a perfect stranger and the Stag plot made a good impression. He took hold of the schedule proposition intelligently and although he didn't speak right out in meeting he made a number of suggestions to Charles F. Robertson, the new owner, and the prediction is that the Grand Rapids club is in most excellent hands.

Raidy looks like a ball player, talks very little, but is a good fellow on the whole and looks like he has the ginger and fight in him to make an aggressive and competent manager. In size he pairs up with "Cap" Grant of South Bend. Mr. Robertson indicated that he knows some baseball and the pair are expected to give their new possession the most careful and competent management that the club has had in a number of years. They went last night to Martinsville to arrange for training quarters.

"I'm going to tell the truth this year. I'm thirty years old and say, I'm not the oldest man in this league now either. Bill Phillips has me bent a block," said Joe Raidy. The old Fort Wayne manager has had little trouble rounding up his team and he believes that he will start out at Dayton this season with a promising bunch of youngsters.

"That salary limit rule is in the by-laws to stay," said President F. R. Carson, "and the players have just got to come round to it and they had as well make up their minds. Few of them are worth over \$200 a month and not many can extra that on a team. From this time on the owners and directors are going to run this league and I think the players will fall in line when the time comes. Let them hold out for a while. They will learn a lesson."

This was in answer to the proposition that on account of the great number of hold-outs the team owners would ask for some change in the salary rule of the owners were so set against it that the matter did not come up in the meeting, although it was discussed in the hotel lobbies.

"There was never a more ridiculous story started in the league," said President Carson, "than the one about me calling Claude Varnell and Jack Hendricks down for violating the salary limit. Why, the matter never came to my notice except by reading it in the newspapers, and it is too silly to deny. They know that under the rule this year every man must be under contract before he can go into a game and that his salary must not be more than \$200 a month with no bonus of any kind."

"And, listen to me. The first manager or owner who puts in a man who has not conformed to all these things will forfeit every game in which he takes part and will be compelled to hand the man his unconditional release. There is not a more honest man in baseball today than Claude Varnell and it makes me laugh to think that all this stuff has gotten into the papers about him."

The managers who lost their stars last season by draft and sale are resting easier than the club owners who retained theirs. Bode Myers unloaded Jack Rowan, Dickey Bayless, Bob Bescher and Scotty Walker and he has filled in with young blood and is having no hold-out trouble. This applies also to Charles "Punch" Knoll, down to Louisville. He lost Wacker and Dunn and Kustus and both he and President Harry Stahlhefer are satisfied that they will not be long getting a strong aggregation together.

President B. F. Perkins and Secretary Will W. Irwin, of the Wheeling club, are highly pleased with Bill Phillips. They firmly believe that Wheeling will enter the league race in better shape this season than it has ever opened a season and they have given their new man entire control and will be able to rest a bit and look on. Phillips made his first bow at the meeting yesterday and helped the club officials out on the schedule proposition.

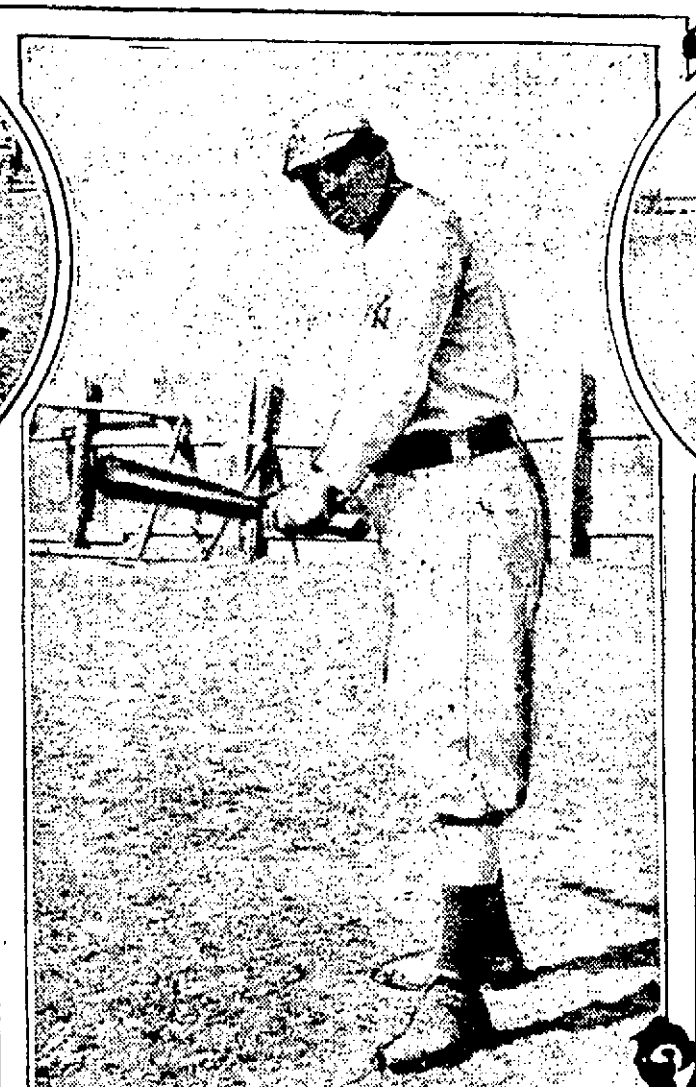

LAJOIE'S TRIBE AT MOBILE. Manager and Fielders of Cleveland Club Reach Alabama Town and Join Nap Batteries.

Mobile, Ala., March 9.—Headed by Napoleon Lajoie, the noted manager and second sacker of the Cleveland American league club, the Nap fielders reached the city yesterday and are quartered with the pitchers and catchers, who preceded them, and will remain here two weeks training.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Dreier & Bro.

IMPORTANT NOTICE!

"JACK" MYERS, THE "SLUGGER."

DAN WARD LANDS IN FIRST PLACE AT PITTSBURG

Ebner's Lead Overcome by Chicago Bowler—The Scores.

Pittsburg, Pa., March 9.—Dan Ward, state champion of Illinois, landed the lead in the individuals of the A. B. C. tournament during the day when H. G. Litterer, of Pittsburgh, landed 901 for third place. Ward on the top in two events, as he was the leader of the Lippmans, who put up their world's record total 2,362 on Saturday night. Ward's series was well put together except one open frame, a railroad in the middle of the second game, keeping down his work, while his strike ball worked like an explosion at other times.

The new mark displaces the 615, posted nearly a week ago by Louis Ebner, a Pittsburgher. Another man double-centuriated during the day when H. G. Litterer, of Pittsburgh, landed 901 for third place. In the doubles the best series of the day was made by Jack Swift and George MacPherson, two local men, with 1,140. The Lippmans again shone in this event, Gus Lippman and Louis Semones being second high with a total of 2,725, making them a temporary seventh. Ward and Harry Wolfe rolled 1,107.

Good scores were rolled in the first squad last night in the five-man event. The Plazas of Baltimore proved the best team on the alleys and went into second place in the event, with a total of 2,725, displacing the Webers of Toledo. They started badly with \$22, but went fast in the last two games, when they counted 943 and 960. A foul by Lossberg, the leader, in the last frame of the second game, cost twenty-seven pins.

The Valleys of Detroit, were also in form and with a fast finish got fourth position, with 2,632. It was Detroit night, and twelve teams from the City of the Straits rolled in this squad. Scores:

FIVE MEN.	
Klondike, Toledo	2796
Blue Ribbon, Buffalo	2739
Plaza, Baltimore	2725
Valley, Detroit	2682
Green and Kennedy's, Chicago	2657
P. J. Schmidt, Detroit	2625
Local Guard, Detroit	2588
Pontchartrain, Detroit	2570

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes. Dreier & Bro.

"PHIL" DRESNAHAN.

WALSH ENTERTAINS YALE NINE.

Sox Star Holds Open House for His Protoges at Meriden.

New Haven, Conn., March 9.—The Yale nine was entertained yesterday by Ed Walsh, the Chicago American league pitcher, at his winter home on West Peak, Meriden. Climbing the narrow path on the mountain side in a blinding snowstorm, they reached his eerie and were dined by their battery coach. Walsh declined to talk base ball yesterday. He says that Comiskey has his terms and there's nothing to say except that he has not altered his demands.

"Barney" Reilly, who played with the Haverhill, Mass., nine last year, was yesterday elected captain of the Yale second nine, which will arrange games with several Connecticut league teams. Reilly is under contract with the Chicago Americans, but will not join them till June. He is a Yale sophomore.

Charley Bend, formerly of Chicago university, and Jimmy Callahan's Logan Square nine, will catch for the Yale second team.

PITTSBURG TEAM GETS AWAY.

Wagner Has Not Yet Reported and Willis May Not Return to Team.

Pittsburg, March 9.—This was get-away day for the Pittsburg base ball team. The advance squad of players left last night for West Baden, Ind., where a stop of three weeks will be made prior to the descent on Hot Springs, the official training grounds. The squad was in charge of Tommy Leach, who will act as manager and captain until the arrival of Fred Clarke from his Kansas farm.

Wagner has not yet reported. It is doubtful if the big German will appear for duty until the team returns from the south. It is known that Wagner is opposed to the training trip because his business interests are such that it pays him to remain away until the last minute. Willis is not over his "snik" yet, and the chances are he will not be found wearing a pirate uniform this season.

SHECKARD HAS REPORTED.

Left Fielder Gets Into the Camp of the Cubs.

Hot Springs, Ark., March 9.—Manager Chance of the world's champion Cubs, was agreeably surprised today when Left Fielder Jimmy Sheckard came into town. He was accompanied by Mrs. Sheckard. Jimmy says that he was delayed by snow at Baltimore. Had the Maryland weather been such as advertised he would have been on the job a couple of days sooner. Sheckard left his home at Columbia, Pa., to attend the inauguration exercises at Washington and arrived there in time to see the remnants of the fireworks.

An Honest Medicine

DERMOTINESKEPTON THE HUSTLE TO WIN OUT

Rubnomores Kept Plugging at Victory Through the Series.

Although the Dermotines took three straight from the Rubnomores at St. Mary's alleys last night the leaders were up and going all the time and as a result one of the best series of the entire season was rolled by the two clubs. J. Eckrich got away in the opening game with a score of 243 and was high man of the evening, but he fell down in the second and third and Leo Aldering, who tubbed 211 in the fourth rouser, bent him out for average.

Al Luley scored 212 and had the best score for the losers, but Hoewel, who barely got to the double century on the start, took the average. The bowlers were all in good form and the scores show excellent work. The scores:

FIRST GAME.	
Players.	St. Sp. Spl. Er. Tot.
J. Eckrich	3 1 0 1 243
J. Alter	1 5 0 3 157
L. Aldering	5 4 1 0 211

Errors—Dermotines, 26; Rubnomores, 27.

VARNELL LIKES THE NEW SCHEDULE OF 1909

Fort Wayne Will Open at Home on May 7 With Evansville.

Owner Claude H. Varnell, of the Fort Wayne baseball team, arrived at noon from Terre Haute and announced that he likes the new schedule adopted at the meeting yesterday and also stated that he had secured a change by which the season will open here on May 7, with Charles "Punch" Knoll as the opposition. It was originally intended to play the first game on the eighth, but it was decided that in event of bad weather then the opening would have to be postponed. The eleventh will be an open date and if the clubs find it impossible to play the game on the seventh it can be carried over to the eleventh, without interfering with the schedule. If the game is played on the day scheduled the players can rest the open date.

The locals will close the season here with South Bend on September 16. The opening date will be April 22, with the following pairings: Fort Wayne at Evansville, South Bend at Zanesville, Grand Rapids at Wheeling and Dayton at Terre Haute. Eight games will be played on the first trip, and then all the clubs will come north for the opening. The open dates are May 11 and 23, July 27 and August 6.

Mayor Hoesy probably saw it coming. He declined a few days ago to commit himself definitely to another heat for the office.

Another much traveled African explorer makes the pleasant prediction for Theodore Roosevelt that he will not come alive out of Africa. Wild beasts, savage men, deadly reptiles, fatal flies and mortal fevers will have learned a thing or two a year hence.

County option having survived this legislature will stand in no great peril from the next. By the time another legislature is elected the wet spots in Indiana will not be numerous enough to mark the four corners and the center of the state. Thirty-one counties have already been made dry under that law and by the end of the month the number will be increased to very near half of the counties in the state.

Fort Wayne as the Sunday foregatherer place of the bibulous folk from several hundred square miles of dry territory within easy striking distance is foredoomed to great travail unless it can have an enforcement of the law that means something. Of boozers we have an uncommon abundance that are our own. Add to these the more parched and consequently more incontinent drinkers from the places, where the amber springs have gone dry and the "liberal" Sunday of Fort Wayne is likely to become a season of intemperance and immoral excess the word orgy will not fitly describe. It is up to the mayor—which is what?

The first two months of Governor Marshall's administration have been strenuous to the last degree and he has come through the trial handsomely. Without undue effort to influence the legislature Governor Marshall has at the same time stood fast by what he believed to be for the best interests of the state and has not hesitated to employ the executive veto freely. He has made an impression that will not be lost on the next legislature. Governor Marshall has made good and then some for the difficulties of his position have been greatly multiplied by the fact that the legislature in one branch was democratic and in the other republican.

The firmness of Governor Marshall in standing for economy in the general appropriations brought the legislature at the last minute to a halt and a bill was passed that the executive could sign. The prospect of an extra session, with responsibility on the shoulders of the senate, finally moved the majority in that body to do what it might much earlier have done. To sum up all the time spent by the legislature in an endeavor to do what no great number of the people of the state in any wise wanted done—such as repeal of the county option law, legalizing professional base ball on Sunday, removing disability to re-election of municipal officers in cities, and much like work—shows what a vast expenditure of futile effort has been made by the legislature. The very essential thing—the provision of money for the state to carry on the government

and discharge its multitude of obligations—is postponed to the last minute and comes near not getting through at all. There is practice of a deal of nonsense and a perhaps greater deal of activity more serious and in its purpose more harmful than nonsense in legislatures. There should be reform both in purpose and procedure of legislation, though how it is to be brought about we cannot suggest. The proper place for the beginning, of course, is at home. Many better men than the people are content to choose for the responsible duties of legislation could be chosen. Until nominations for legislative offices come to be considered something more important, something better than a reward for party service, there can be no reform.

Plans for municipal campaigns in the larger cities of Indiana will have to be revised. In the closing hours of the legislature the bill that had been passed legitimizing the succession, so to speak, was recalled and that part of it was cut out. Municipal officers in first, second and third class cities are bound by the prohibitions of the original cities and towns act and cannot be elected to succeed themselves as had been provided, for by the amendments to the Thornton bill. Governor Marshall refused to sign the measure in the form it had been presented to him and to save the balance of its provisions the objectionable features were at the last moment eliminated. Locally the effect is to enforce a new deal in democratic politics as to mayor and in republican politics as to city clerk and municipal judge. Mayor Hoesy cannot be a candidate and the gates are now ajar for the half dozen or more lively aspirants whose budding hopes and strenuous ambitions were shriveled in the frost that came from the Thornton bill as it was originally passed.

COMMENDS THE SENTINEL.

Editor of The Sentinel: I want most earnestly to congratulate you on the strong, noble and broad stand you are taking in your paper on the liquor question and on the duty of our mayor—which duty I, with thousands of other citizens of this city, believe is being most truly and sadly neglected. Such editorials as that of Saturday evening and many others like it should receive the highest commendation and should call forth from every minister of the gospel and true leader in the moral uplift of this city a flood of letters sanctioning your teaching and pledging that loyal support due every reform editor. Your editorials represent the convictions of a large majority, not only of the better class, but of the whole citizenship of Fort Wayne. And those convictions will be expressed when the day to vote comes, as come it will.

Yours sincerely,
A CITIZEN.
Fort Wayne, March 8, 1909.

THOUGH 42 WINS BRIDE OF 17.

Pittsburgher Elopes with Schoolgirl and Weds Her.

Pittsburg, Pa., March 9.—It was learned yesterday that William Marshall Thomas, a wealthy Pittsburgher, aged 42, last week eloped with a schoolgirl, whose skirts hardly touched the tops of her shoes, and brought her to his fine home in this city.

The bride was Miss Alma Chester, 17 years old, daughter of R. L. Chester, a rich Monongahela valley coal man, who lives at Castle Mooring, Monongahela.

Mrs. Thomas was a student in the senior class of the State Normal school, California, Pa. Last week she went home and did not return. Instead, on her way back, she met Thomas. He had known her since she was a baby and months ago had asked her father's permission to woo the young woman, but was refused because of the disparity in their ages. The couple went to Youngstown, O., where they were married. When the girl did not return to school the faculty inquired at her parents' home, only to be told that the parents thought her at school. Investigation located her as a bride and now all is lovely.

CRUMPACKER HAS A NEW BILL FOR CENSUS

Avoids Objectionable Feature of Bill Vetted by Roosevelt.

Washington, March 9.—The passage of a new census bill during the special session to take the place of the measure vetoed by President Roosevelt previous to his retirement from office is confidently predicted by its friends in congress.

Representative Crumpacker, of Indiana, chairman of the census committee of the last house, and author of the bill, disapproved because it did not provide for competitive examination for the temporary census clerks, prepared the new measure. He believes it will not only meet with the approval of the special session of congress, but will receive the signature of President Taft.

The plan for the selection of clerks by non-competitive examinations, as provided in the vetoed bill, has been abandoned.

Judge Crumpacker has sought to apply the merit system of selection, modified to meet the exigencies of the census work. The new bill provides for "special test examinations," prescribed by the civil service commission. The selection would differ from the ordinary selection under the civil service in that the director of the census might, when the exigencies of the service required, give preference to eligibles immediately available, instead of selecting the appointees according to rating as is otherwise provided.

TWISTED A MULE'S TALE.

Colored Youth is Arrested for Manslaughter.

Tallulah, La., March 9.—Because he twisted the tail of a mule, a negro youth named Blackman is in jail here, with the charge of manslaughter hanging over him. An aged negro was riding the mule when its tail was twisted. He was thrown from the rearing animal, sustaining injuries from which he died.

ELECTRIC TALKS No. 50

Municipal Lighting in Detroit

Of the **ONLY TWO**, out of the **FIFTEEN LEADING CITIES** of the United States to try municipal ownership in electric street lighting, we have presented the certainly discouraging figures of one—Chicago.

As to the other—Detroit—it is worth while to see what the accountants have found there.

Now in the first place, Detroit started its municipal ownership under exceptionally favorable circumstances—for it eliminated politics, so far as feasible, at the outset.

The Detroit public lighting plant was established in 1895 and placed under the control of a non-partisan commission appointed by the Mayor and approved by the Council. A bond issue of \$800,000 was authorized, the original investment for land, building and equipment absorbing \$605,508. During the next eleven years the investment was increased by \$587,000, making a total investment up to 1906 of \$1,192,508.

The way in which the investment account in this municipal plant, under favorable non-partisan management, about doubled itself in eleven years is significant. Fort Wayne may see in it a "pointer."

The total cost to Detroit of operating and maintenance for these eleven years was \$1,308,358, as it was figured by the City Government.

But operating expenses thus figured prove delusive when put under the microscope of expert accountants.

The accountants for the National Civic Federation found that the following **IMPORTANT** items were **NOT INCLUDED** in the financial returns of Detroit's Lighting Commission and charged to operating expenses:

TAXES, INSURANCE, RENTAL, INTEREST on bonds, **SINKING FUND**, and charges for the **SERVICES** rendered by **CITY OFFICIALS** other than those directly employed in the lighting department.

Furthermore Detroit's Commission had estimated depreciation at **ONLY 3 PER CENT**, a fraction of what it should have been.

In 1905 the cost of operation, according to the Detroit Commission's report, was \$121,380. To this the accountants added taxes lost to the city, but which a private company would pay, of \$8,705, or \$2.51 per arc light; also depreciation of \$42,818, or \$12.39 per arc light, raising the total cost for operation for 1905 from \$121,380 to \$172,904.

The above, with interest on the entire investment at 4 per cent, makes a total cost per arc light \$62.83 per annum.

The Lighting Commission of Syracuse which investigated the Detroit plant in 1907, and also found occasion to readjust the figures in the depreciation account, found a gross cost per lamp per year of \$62.06 without including certain items of expense of which it says:

"With a reasonable charge for legal services, rebates which might be obtained from a contracting corporation for interruption of service, overhead expense and various other items which, in an ordinary commercial enterprise would be charged against the business, the gross cost per arc lamp per year would be **CONSIDERABLY HIGHER** than this amount."

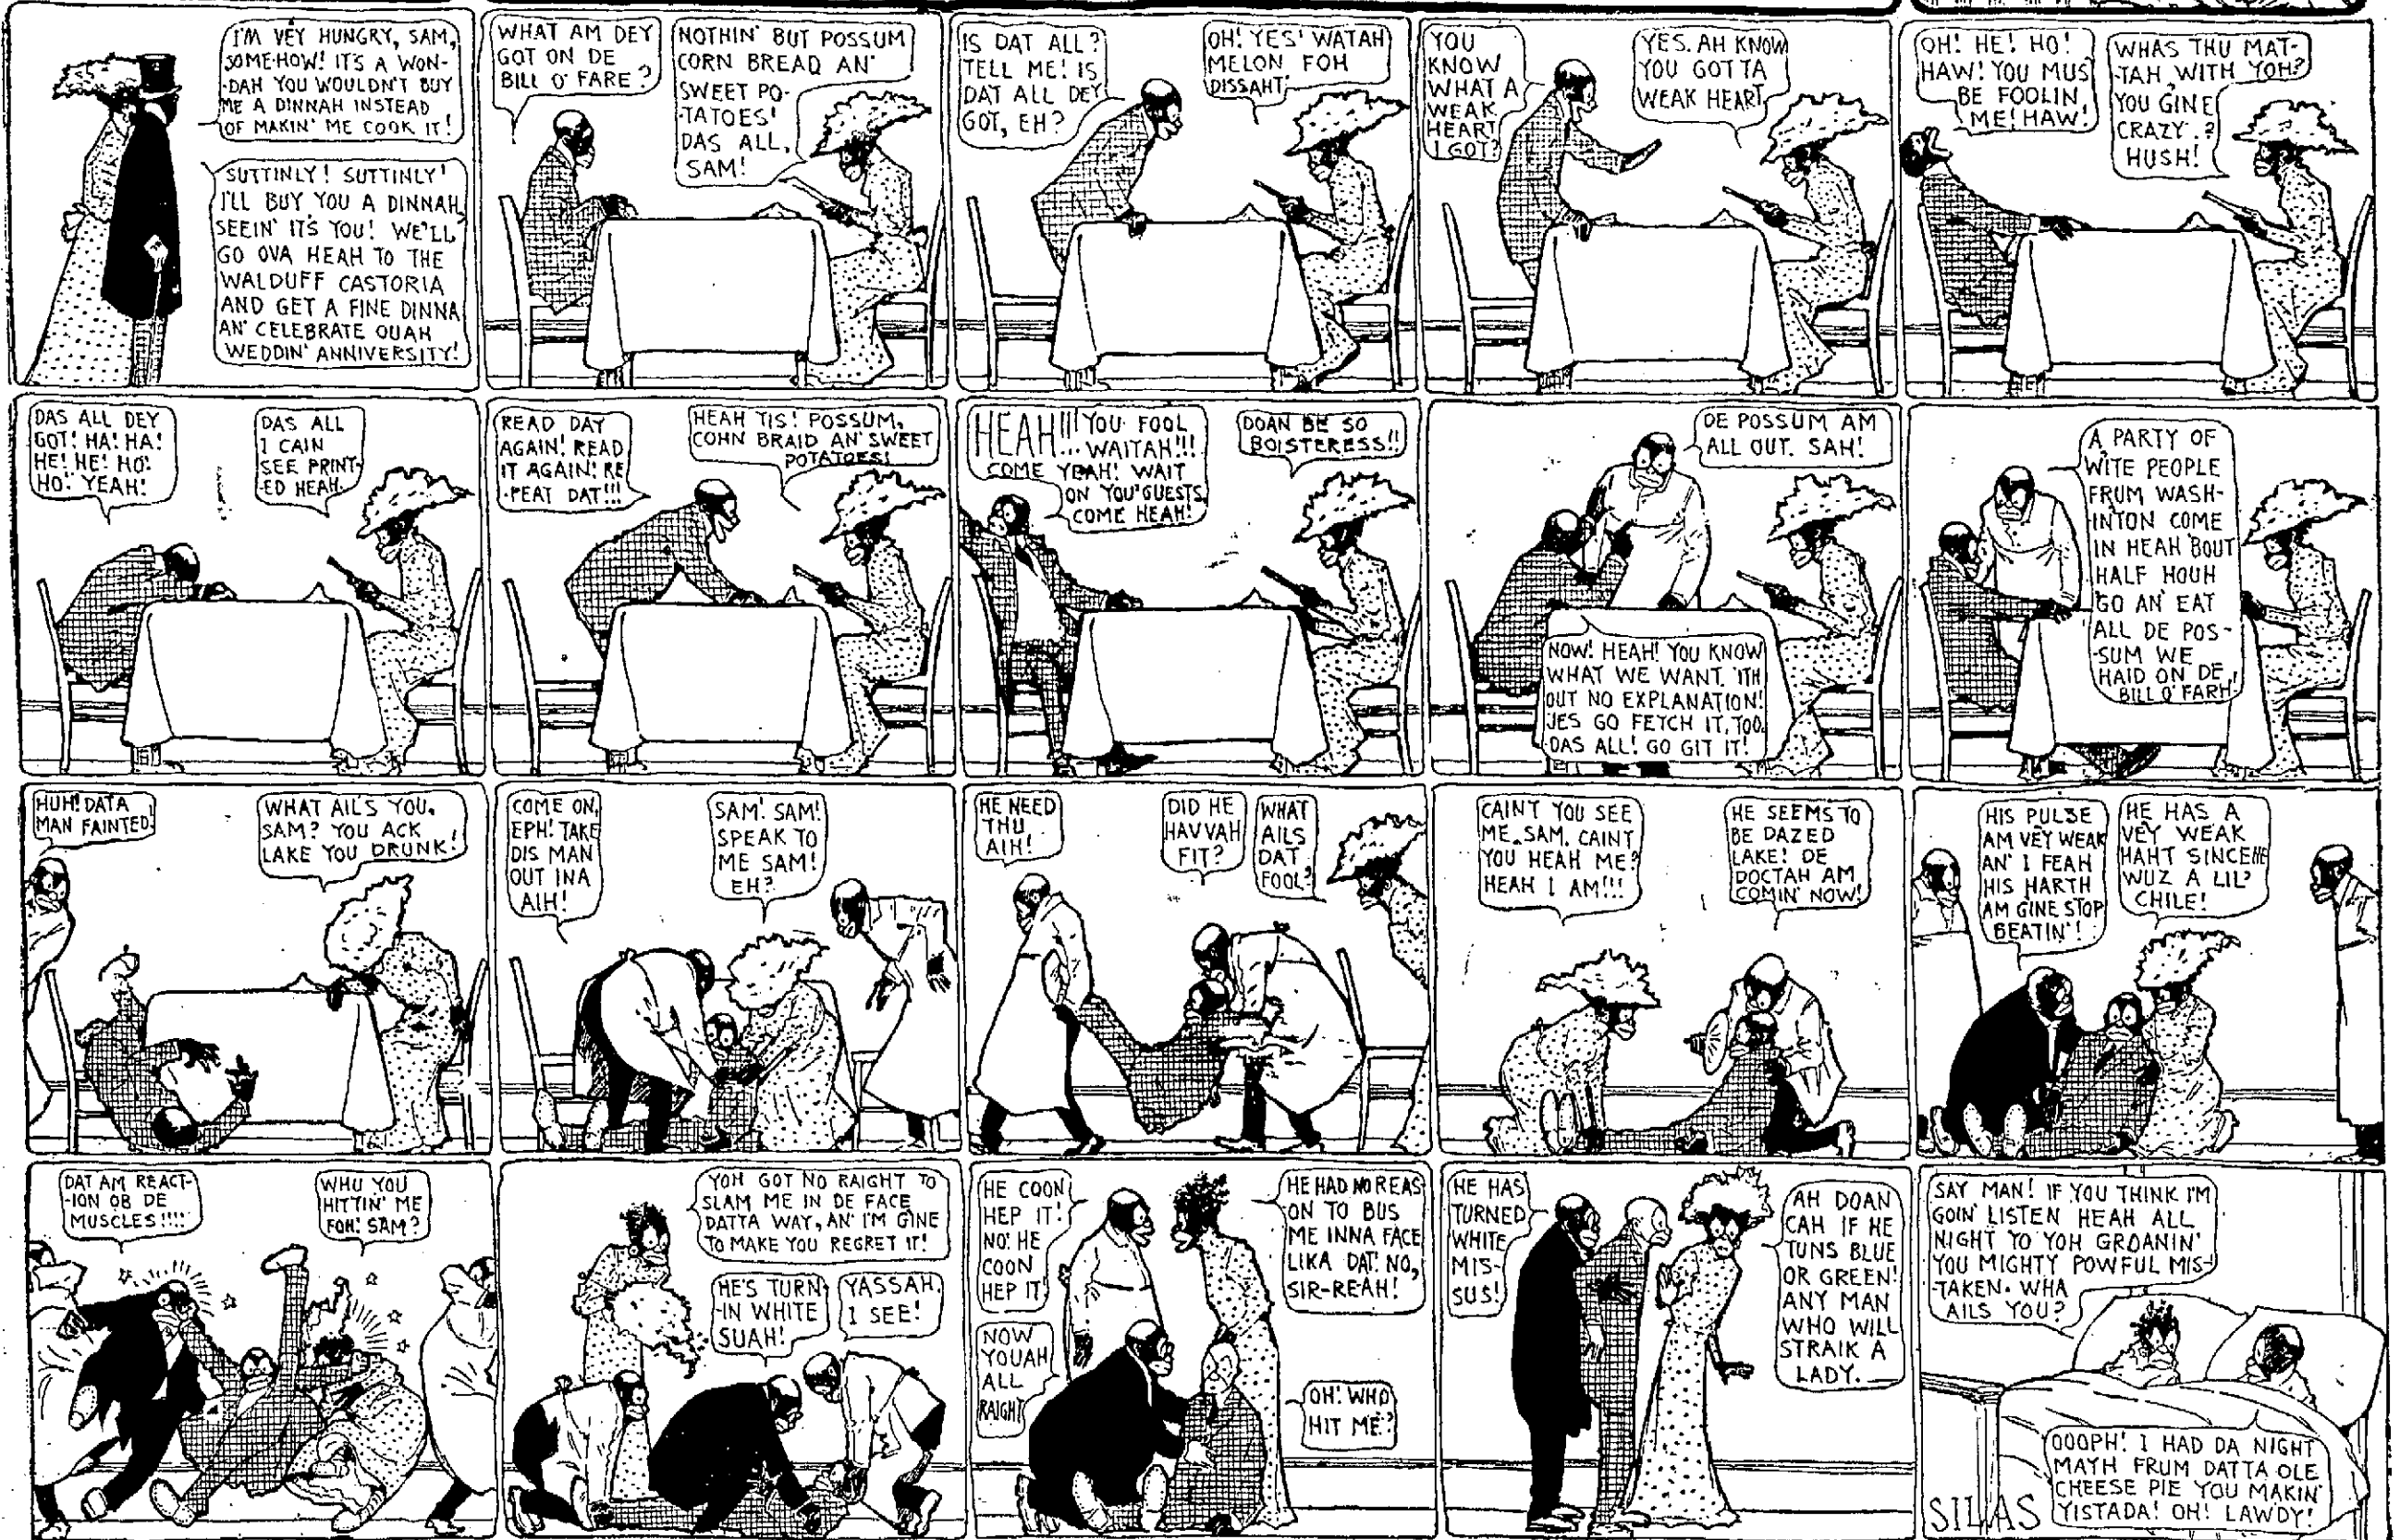

So the slightly higher figure of the National Civic Federation report of \$62.83 per lamp is doubtless none too high.

Considering the fact that Detroit has **EIGHT TO NINE TIMES** as many arc lamps as Fort Wayne to divide the total expense of street lighting, is it probable that Municipal Ownership will reduce the cost of street lighting to Fort Wayne to **ANYTHING LIKE** the \$64.82 which was paid to a Company in 1907?

Really, fellow taxpayers, is not this game a dangerous one, with its butting-in upon well-established business to no profitable purpose; benefiting at most a few, temporarily, at the expense of taxes paid by all; with no lasting results beneficial to anyone?

COPYRIGHT, 1909, BY THE NEW YORK EVENING TELEGRAM (NEW YORK HERALD CO.). All Rights Reserved. RELEASED MARCH 9.

IN THE CITY'S CHURCHES

LUTHERAN PASTORS GUESTS OF REV. DANNECKER

Monthly Meeting of Joint Evangelical Synod Here —Church News.

The monthly meeting of the ministers of the Fort Wayne local conference of the northern district of the Evangelical Lutheran joint synod of Ohio and other states will be held in this city tomorrow. Rev. H. P. Dannecker, pastor of St. John's Evangelical Lutheran church here, is president of the conference and will entertain the visiting pastors for the day. The conference will open in the school hall at 9 o'clock tomorrow morning and will adjourn at 5 p. m. with an hour's intermission at noon for dinner. The object of the meeting is the discussion of theological topics and casual questions. Dinner and supper will be served at the parsonage. Rev. B. F. Brandt, pastor of Grace Lutheran church, is secretary of the conference. The pastors who are expected to attend are: Rev. J. P. Meyer, Lake township; Rev. Paul Schmidt, Sheldon; Rev. F. Schulz, Columbia City; Rev. M. L. Lauffer, Huntington; Rev. E. Derbammer, Wabash; Rev. S. W. Mautz, Hartford City; Rev. C. F. Betz, Goshen, Ind.; Rev. M. Kopanko, Payne, O.; Rev. F. G. Bergener, Delphos, O. and Rev. E. R. Bailey, Fort Jennings, O.

HAS MADE A FINE RECORD.

Fort Wayne Catholic Diocese is Generous to Missions.

The annual collection for the Indian and negro missions was taken up in all the churches throughout the Fort Wayne diocese on Sunday. At the Cathedral the amount received was double that of a year ago, in several other parishes there was also a marked increase in the contribution.

A Sarsaparilla Free from Alcohol

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! By asking your doctor you can learn more about this family medicine. Follow his advice.

Technology, will deliver a lecture this evening before the Men's club at the First Presbyterian church. His topic will be "Volcanoes and Earth Forces." During the lecture the speaker will present some lantern views showing recent volcanic activity at Pelee, Bogoslof, Vesuvius, Stromboli and Aetna. Prof. Jagger is en route to Japan, where he goes to study the volcanic features of that land. He stopped over in this city to visit his brother-in-law, James J. Kline, of the sales department of the Electric works. It is said that Mr. Kline may accompany him on his trip to the flowery kingdom. The attendance of every member of the Presbyterian Men's club is desired at the meeting this evening. Some of the employees of the Fort Wayne Electric works will be guests on this occasion.

Some changes in the program scheduled for this evening were made necessary by the fact that other speakers who had been announced were unable to be present.

BAPTIST CHURCH AFFAIRS.

Trustees Present Report of Finances —Meetings of Interest.

The trustees of the First Baptist church present a very gratifying report of the finances for the month of February. From February 1 to March 1, 1909, \$166.33 represented the amount paid on the indebtedness. Receipts amounted to \$783.63 and disbursements, with a cash balance of \$27.48 on hand, amounted to \$783.63. The total indebtedness on February, 1909, was \$1,407.27; on March 1, 1909, \$1,240.94, showing a decrease indebtedness of \$166.33.

On Thursday afternoon the ladies of the northwest section of the First Baptist church will enjoy a thimble party at the home of Mrs. Elma Anderson, 308 Douglas avenue. All ladies of the congregation are invited. Each lady of the section is requested to bring a dish towel.

An important meeting of the teachers and officers of the Sunday school of the First Baptist church will be held on Thursday evening in the lecture room of the church.

The Northern Baptist anniversaries will be held in Portland, Ore., June 20. One thousand laymen are expected to be present. Who shall represent the local church at that meeting has not as yet been determined.

Next Sunday Rev. N. C. Shirey will occupy the pulpit at the First Baptist church, speaking in the interest of the Anti-Saloon league.

OFFICERS WERE CHOSEN.

Missionary Society of Westminster Church Holds Annual Election.

The monthly meeting of the Women's Missionary society of Westminster Presbyterian church was held at the home of Mrs. F. T. Hulse, 703 West Berry street. The annual election of officers was the principal feature of the meeting and resulted as follows:

President, Mrs. F. T. Hulse; vice president, Mrs. C. B. Beaver; secretary, Miss Sibyl Daugherty; foreign treasurer, Mrs. T. M. Bidde; home treasurer, Miss Minnie Young; pianist, Mrs. Ira Evans; assistant pianist, Mrs. B. J. Roberts; secretary of literature, Mrs. W. H. Simmons. A social session followed the business meeting and refreshments were served.

This evening at 7:30 o'clock the Christian Endeavor society of Westminster Presbyterian church will hold its regular monthly business meeting at the home of the Misses Simmons, 1227 East Wayne street.

M. E. QUARTERLY CONFERENCE.

Year Closes Successfully for Simpson Methodist Episcopal Church.

The fourth quarterly conference, the last business session of the church year, was held on Monday evening at Simpson Methodist Episcopal church. There was an excellent attendance of the officers and members of the church. Rev. Dr. C. U. Wade, district superintendent, presided and gave a short talk relative to the future of the church. The church is enjoying marked progress and the various reports submitted showed that the past year had been a successful one. The work of the pastor, Rev. Loren M. Edwards, has been most efficient and there was a unanimous request on the part of the congregation that he be retained as pastor. Reports were presented by the pastor, Sunday school superintendent, Epworth League president, the trustees, treasurer, president of the Ladies' Aid society, the president of the Queen Esther circle or Home Missionary society, the Men's Brotherhood and the Junior League. The treasurer's report showed the finances to be in fine condition and gratifying progress made in the payments on property for the site of a new church.

AMONG THE CHURCHES.

Daily Record of Business and Social Meetings of Church Societies.

The Woman's Auxiliary of Trinity Episcopal church will meet in the parish house tomorrow afternoon from 2 to 4 o'clock. These meetings will be held regularly every Wednesday afternoon during Lent.

The Yung People's society of Calvary United Brethren church will hold

To Feel Good All the Time eat Pure Food—

Grape-Nuts

FOOD builds Brain, Body and Nerves

"There's a Reason"

a business meeting and reading circle this evening at the home of Miss Ethel Benson, 1150 Monroe street.

Rev. Philip Wambganass, pastor of Emmaus Lutheran church and president of the Kinderfreund Gesellschaft, a Lutheran society which secures homes for orphan children, sent eight little ones to Fremont, O., Sunday. Mrs. L. Stettler and Mrs. Paul Stoeplert accompanied the children to Fremont, where they were given in charge of Rev. L. A. Miller, who will see that they are provided with homes.

The Lakeside division of the Ladies' Aid society of the First Methodist Episcopal church will meet on Wednesday afternoon at the home of Mrs. J. G. Fratis, 1018 Columbia avenue. Mrs. C. P. Strother is chairman of this division, Mrs. O. E. Mohler assistant chairman. Following the business session a social hour will be enjoyed by the ladies and refreshments will be served.

The ladies of Salem Reformed church will meet in the school hall tomorrow afternoon at 2:30 o'clock for a sewing session.

Rev. Charles A. Rowand, pastor of the First Methodist Episcopal church, will address the faculty and students of Culver Military academy next Sunday.

The meeting of the official board of the Young Women's Christian association will be held on Wednesday morning at 10 o'clock. Mrs. W. J. Vesey will preside.

A business meeting of the Untersuetzen Verein or Men's Aid society of St. John's Evangelical Lutheran church will be held at 8 o'clock this evening at the parochial school hall.

Mrs. D. F. Ault, of 1013 Eckert street, corner Jay, will be hostess on Thursday afternoon at a social meeting of the Ladies' Aid society of the West Jefferson Street Church of Christ.

A meeting of the Young Women's society of the First Presbyterian church will be held on Wednesday afternoon from 2:30 to 5:30 o'clock at the home of Mrs. Frederick Peters, 704 Rockhill street. A social hour will follow the business session and refreshments will be served. The hostess will be assisted in entertaining by Miss Alice Diehl, Miss Irene Smith, Mrs. Clayton Williams and Mrs. Fred McCulloch.

ISLE ROYALE IN NEW HANDS.

Over 83,000,000 Acres Revert to American Ownership.

Detroit, Mich., March 9.—The largest island in fresh water in the world has reverted to American ownership through the diplomacy of business and without, probably, the knowledge of the federal authorities. Isle Royale in Lake Superior has just been purchased by American interests from the English syndicate which owned it for many years. The deal was concluded in London by F. W. Nichols, of Houghton, and Oscar J. Larson, of Duluth, the latter the agent for the United States Steel corporation.

In the copper country it is believed that the steel corporation intends to cut timber from the island and probably exploit anew its abandoned copper workings, these latter being the island mines of Siskiwit Bay and the Minoing mine at McCargos Cove.

The company making the sale is the Isle Royale Land corporation of Liverpool, England. The company was organized June 21, 1890, as the Wendigo Copper company, limited, but the name was changed to the present title in July, 1901. The company owned 83,720,000 acres of the island, virtually its entire area with the exception of two small portions operated as summer resorts.

SLAIN BY A HIGHWAYMAN.

Baltimore Girl Shot Down While With Her Lover.

Baltimore, Md., March 9.—Jennie Reid, aged 21 years, of this city, was murdered last night by a highwayman at Mount Washington, a residence suburb. She and Joseph Mueller, to whom she was engaged to be married, were on the way to visit friends at Mount Washington and, according to Mueller's statement, left the car at South avenue. When they had walked half a block and were in a lonely place they were stopped by a man, who, leveling a pistol, called for their valuables. Mueller said he gave up what money he had, and then the highwayman demanded a necklace worn by Miss Reid. Her reply was a slap in the face, upon receiving which the man fired. Last December Mueller received a threatening anonymous letter in which he was warned that if he did not cease his attentions to Miss Reid he would be made to suffer. Some time thereafter there came to him by mail a box of candy, the contents of which were found to have contained poison.

SOCIETY

Dutch Outing Frock

By Mrs. Jane Ford

EVENING TELEGRAM DUTCH OUTING FROCK
459-3 SIZES 14-16-18 YEARS

The design offered is one of this season's models, the pattern for which may be secured in three sizes, for girls from fourteen to eighteen years of age, the larger sizes being suitable for small women.

To copy this model for a girl sixteen years old requires eight and one-quarter yards of material twenty-seven inches wide, or five and seven-eighths yards thirty-six inches in width. One yard of contrasting goods twenty-seven inches wide will be needed for the band, collar and cuffs, and if the chemise is made one-half of a yard of all-over will be needed.

Dresses of this character are smart and will be much worn for the street and outing during the spring and summer. They received their name from the fact that the fashionable delft, or Copenhagen blue figure strongly in their make up. They are shown in lightweight serges, henriettes, cashmeres as well as in tub materials, such as linen, gingham, plaie and duck. The frock may be of white with delft blue trimmings, or the color scheme reversed. The latter arrangement is preferable if the garment is intended for knockabout wear.

These costumes are quite the newest in every day outfits and girls should include at least two in their summer wardrobe, one of heavy cotton

THE APOLLO CLUB'S CONCERT

Glenn Hall, Tenor Soloist, contributes to Beauty of Program.

That the Apollo club is not alone recognized as an important musical factor in the city, but is also admired for the pleasure its concerts afford, was manifested by the audience that filled Elks hall last evening. The occasion was the second of a series of three concerts which the club is giving the present season and the attendance of associate members of the club and the sale of single tickets both testified to the growing appreciation and interest in the progress of this organization of male voices, which is doing such good work under the direction of John B. Archer. It is evident, too, that the members of the club are more and more appreciating the necessity of continued practice and earnest effort. Their singing displayed more than ever before that necessary modulation of the single voice in the union of all and the quality of tone was more satisfactory than before, in spite of the over-ballooning of basses now and then. There was a closer attention to the director's baton and a better appreciation of the artistic worth of the compositions sung. "The Roman Song of Triumph" by Max Bruch, was the most important number sung by the chorus and in the main it was finely done. It is a dignified work of much beauty and the passages addressed to Caesar were sung with splendid appreciation of both words and music. Altogether it was the best work the Apollos have done.

Glenn Hall, a noted tenor, was the evening's soloist. The first number which Mr. Hall had given for his selections, an aria from "Aida," he omitted, as he was manifestly hoarse from a cold. His opening number was the recitative and aria "In Native Worth" from "The Creation." It was beautifully sung. Mr. Hall gave it the nobility of tone and dignity of expression required and though his tones were not always of the smooth and likeable quality which his singing later in the program displayed, there was every evidence of fine vocal art, including perfect enunciation. Of great artistic worth was Mr. Hall's rendition of a group of German lieder. The Richard Strauss "Freundliche Vision" and the Tschaiakowsky "So Schnell Vergessen" were sung with

Keenest Delights of Appetite and Anticipation

are realized in the first taste of delicious

Post Toasties and Cream.

The golden-brown bits are substantial enough to take up the cream; crisp enough to make crushing them in the mouth an exquisite pleasure; and the flavour—that belongs only to Post Toasties—

"The Taste Lingers"

This dainty, tempting food is made of pearly white corn, cooked, rolled and toasted into "Toasties."

Mr. and Mrs. J. A. Russell have returned from a few days' visit in Chicago.

Mr. and Mrs. L. A. Centlivre have returned from a few days' trip to New York.

Mrs. Max B. Fisher will entertain the Orphans' Home club on Thursday afternoon.

The Rome City club will meet this evening with Mr. and Mrs. J. E. K. France.

Miss Edith Cowhig, of Indianapolis, is visiting Miss Marie Eggeman, of Lafayette street.

Mr. and Mrs. Theodore Titus, of Buchanan street, have gone to Chicago for a few days.

Mrs. Susan Hoagland, of Dayton, O., is visiting her daughter, Mrs. Charles A. Stockbridge.

Mrs. Abraham Levi and little child have gone to Hammond to visit her mother, Mrs. Abe Marks.

Mrs. A. S. Johnson, of Ottawa, O., is visiting her sister, Mrs. J. W. Doulvan, and other relatives.

Mrs. Newell H. Ransom, of Lakewood, was hostess for the Tuesday afternoon pedro club today.

Mrs. E. C. Perry and her sister, Miss Caroline Ferguson, have gone to Bowling Green, O., for a few days' visit.

Mrs. Earl Palmer, of Paducah, Ky., is visiting her parents, Mr. and Mrs. John Ferguson, of West Berry street.

The Sewing society of Deborah Rebekah lodge will meet in the lodge hall tomorrow afternoon from 2 to 5 o'clock.

Miss Miriam Hill, of Wabash, who had been visiting Miss Blanche Bilderback for a few days, returned home yesterday.

Mrs. S. E. Eynson and children, Marshall and Marcelle, of Columbia City, are visiting her mother, Mrs. John Miller.

J. J. Kilne is entertaining his brother-in-law, T. A. Jagger, who is professor of geology in the Massachusetts School of Technology. Prof. Jagger is on his way to Japan.

Miss Josephine Irwin, of Indianapolis, who was the guest over Sunday of her sister, Miss Helen May Irwin, of 635 East Jefferson street, returned home yesterday.

A company of twenty-five school friends of Vera Mariotte surprised her on Saturday evening at her home in Broadway. The time was spent with music and games and fancy dances. A luncheon was also enjoyed by the company.

Mrs. E. E. Dildine, of 204 West Butler street, entertained last evening in honor of Mrs. J. A. Dildine, of Columbus. A pleasant time was enjoyed by Mr. and Mrs. J. A. Graham, Mr. and Mrs. Beck, Mr. and Mrs. E. H. Orr, Mrs. O. B. King.

Miss Nellie Bozer pleasantly entertained a party of masqueraders at her home, 2934 Broadway, on Saturday evening. In the games and contests that furnished amusement prizes were won by Miss Mina Hirschmann and Georgia Warner. A luncheon was delightfully served. The guests were Misses Neola Pinyard, Clara Gilmore, May Luckey, Edith Slagle, Ida Vandervord, Mabel Warner, Floy Gilmore, Gertrude Pollock, Lena Holwiler, Georgia Warner and Mina Hirschmann.

Fred Lutz, of 436 Wiebeck street, was given a pleasant surprise on Wednesday in honor of his forty-seventh birthday anniversary. The company enjoyed music and dancing and a supper at midnight. Mr. Lutz was presented with a handsome gift. The guests were Mr. and Mrs. P. Sanford, Mr. and Mrs. August Weisenburger and sons, Mr. and Mrs. Henry Diehm and sons, Mr. and Mrs. Charles Kuehn, Mrs. Della Treu, Miss Olga Stewart, Miss Eva Laughret, Miss Letta Putt, Miss Anna Lutz and Messrs. John Madden, Will Weisenburger, Emil Weisenburger, Henry Dudenhofer, George Criswell.

The Perfect Woman Is Not a Fat One

Artists say the ideal proportion of weight in a woman is 25 pounds for every foot of her height. This would make a woman of 5 feet 4 inches weigh 125 pounds 8 ounces.

If you weigh more than this in proportion you are on the danger line and are likely to get too fat in a few years. Check it by taking a teaspoonful after meals and at bedtime of this recipe: 1/2 ounce Marmola, 1/2 ounce Fluid Extract Casarea Aromatic and 1/2 ounce Peppermint Water. Get the Marmola sealed and mix it with the other ingredients at home. This mixture is harmless, will not cause wrinkles, and has been known to take off seven pounds of fat a week without any help from exercise or dieting. It is inexpensive.

THOROUGHLY CLEAN AND PERFECTLY SANITARY

That is the way our washing comes back to you when done by The Troy Laundry Soft Water Method. Phone 100.

Sentinel's Cook Book

CINNAMON BUNS

Scald one cup milk; white hot add two tablespoonfuls sugar and two rounded tablespoonfuls butter. Cool to lukewarm, then add half a compressed yeast cake dissolved in two tablespoonfuls warm water and three eggs well beaten without separating. Now add enough flour to make a dough (about two cups). It should be soft and elastic. Knead well, then put into a small pan, cover and stand where it will keep warm until it has doubled in bulk. It will take about four hours. Turn lightly on the moulding board, roll into a sheet, spread the sheet with butter, then cover thickly with sugar, using nearly a cupful. Dust lightly with cinnamon, sprinkle with currants and roll up into a long roll. Cut into biscuits about an inch and a half long and stand up endwise in small round buttered pans. Cover lightly and let rise for an hour and a half, then bake in a moderate, steady oven for an hour.

JUDGE DECLINES TO ALLOW COUPLE TO GO

Howard Johnson and Emma

Watson Get Fine and Sentence.

In the face of the attempt of Attorney Harry Hogan to secure the freedom of Howard Johnson and Emma Watson on a legal technicality, Judge Skelton said in the city court this morning that a great wrong had been done and they were each fined \$1 and costs and sent to jail for ten days for specific immorality.

Levi Allen Watson, the husband of the woman who deserted five children at Coldwater, Mich., about four weeks ago to come to Fort Wayne with Johnson, said the little family has been taken charge of by the state authorities since the mother left. Johnson was mixed up in the Poinsette case at Bluffton and neither he nor the woman is attractive.

The Other Cases.

Assault Fabra, one of the colony of troublesome Syrian peddlers who have infested the city for several months and who have made themselves exceedingly disagreeable at homes where they called, was told that he or the next one of his countrymen caught peddling without a license would be

LUMP FOLKS AND THIN FOLKS

Samose Will Make People Fat—"Money Back if It Fails" Says Meyer Bros. Co.

The line of beauty is a curve. Women may be thin and graceful, but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompanies the standard weight. Good flesh and perfect health go together. A true flesh-forming food like Samose is absolutely necessary to many people.

No one can use this wonderful flesh-forming food for 10 days without a noticeable gain in flesh and strength. Carefully kept statistics show that out of every hundred people who begin the use of Samose, 98 per cent. increase in weight and their health and strength are restored.

Meyer Bros. Co. have so much confidence in this remarkable flesh-forming food and health restorer that they are willing and glad to allow any customer to deposit 50c with them and take home a box of Samose with the understanding that if it does not give a marked increase in good, firm flesh the money will be returned without any questions.

Our agents are instructed to refund the price if Samose does not give satisfaction. The Dr. Howard Co., Binghamton, N. Y. For sale by Meyer Bros. Co.

heavily fined. His case was continued indefinitely.

James Harvey, a man with one arm who says he is a telegraph operator, was arrested for drunkenness and given an hour to leave the city.

August "Bismark" Dauer came in from the county infirmary yesterday to collect 75 cents due him as witness fees in a coroner's case. He spent it for whisky, but upon his promise to go right back to the institution and stay there he was allowed to depart.

Frank Fordham made a \$2 payment on the board bill which caused his arrest and got a continuance upon his promise to pay the balance as soon as he can.

Vernia Johnson and Cleve Aker, who kicked a window out of Al Martin's cab, secured another continuance upon their promise to pay the damage.

great dramatic skill of interpretation and with beautiful tone. A drinking song by Erich Wolf was sung with fine spirit and a delightful abandon to the movement of the music. Other numbers sung by Mr. Hall included "A Maid Sings Light," by MacDowell, which is a beautiful song; "Tours," "Mother o' Mine" and several others, all of which were received enthusiastically by the audience. Mr. Hall responded with several extra songs.

Miss Beulah Airlinger did admirable work in accompanying for the entire program.

The Apollo club has now brought to the city three fine vocalists, Miss Spencer, contralto, last season; Mrs. Albino Blodgett, soprano, at the opening concert of this winter, and Mr. Hall, whose work was of that superior quality that gives unalloyed pleasure. It is possible that a baritone singer will be engaged for the third concert of the season.

REOPENING AT THE FAIRY.

The Fairy theater on Calhoun street will have a reopening to the public tonight after having been extensively remodeled and greatly beautified. This attractive and popular 5-cent amusement place now has twice the seating capacity it formerly had. Mr. Mollett, the proprietor, has spared no expense to make his theater comfortable and attractive and he now invites the public to an inspection of the place.

FOUND BY BANKER CONVICTS.

Huge Shortage in Accounts of Pennsylvania Penitentiary.

Pittsburg, Pa., March 9.—Convicted bankers, now prisoners in the western penitentiary here, have discovered an apparent discrepancy of more than \$26,000 in the accounts of the penitentiary and it is said the amount may be found to be even larger. The board of visitors of the western penitentiary some time ago appointed Henry Reiber, formerly paying teller of the Farmers' Deposit National bank, now an inmate of the penitentiary, to audit the books of the institution. Finding an apparent discrepancy and being unwilling to assume all responsibility, Reiber secured the assistance of William Montgomery, former cashier of the Allegheny National bank, and J. B. F. Rinehart, former cashier of the Farmers' and Drovers' National bank of Waynesburg, Pa., both convicts in the western penitentiary who are said to have agreed with him in his findings. Report of the alleged discrepancy was made today to the board of visitors who are awaiting the return of Warden William Johnson before making further investigation.

It is said to be probable that the alleged discrepancy may be accounted for by bookkeeping.

WANTS SKIRTS CUT SHORTER.

Cleveland Aldermen Advocates Step in Fashion Reform.

Cleveland, O., March 9.—Passage of an ordinance prohibiting women from wearing skirts that touch the ground when they walk was urged yesterday by Councilman Flower at a meeting for the consideration of a resolution calling for the purchase of anti-spitting signs for street corners. "Women should not wear skirts that touch the ground," he said. "Reform in this direction is in line with the steps the city has taken in an effort to prevent the spread of tuberculosis."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound and a feeling of fullness, and when it is entirely closed, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

P. J. CHENEY & CO., Toledo, O. Sold by druggists. Use Take Hall's Family Pills for constipation.

Millinery opening Thursday, March 11th, 1909, corner E. Creighton and Oliver St. Everybody welcome. Continuing all week.

NEW AERODROME IN A FLIGHT OF 8 MILES

McCurdy Sails His Airship
 Clear and Fast for
 Eleven Minutes.

Baddeck, N. S., March 9.—J. A. D.
 McCurdy, in his aerodrome, the Silver
 Dart, made five successful flights
 over the ice on the Brasador lakes yes-
 terday, remaining in the air in one
 flight eleven minutes and fifteen sec-
 onds and going eight miles.

The longest flight was made on the
 fifth attempt. The first four were
 more for practice than for any other
 purposes, Mr. McCurdy wanting to
 make sure of the working condition of
 his machine before attempting the
 longer flight. He wished particularly
 to practice landing on the ice in
 safety.

Practically the entire population of
 the town was out to watch the final
 flight, the buzzing of the machine as it
 flew about on the first four trials hav-
 ing warned them that there was an un-
 usual test being made.

Fifth Flight Made Easily.
 On the fifth flight the machine ran
 for seventy yards along the ice, then
 rose rapidly into the air, leaving the
 runners on which it had glided. After
 reaching an elevation of twenty feet,
 the aerodrome straightened out for its
 second flight.

Keeping along the shore, it flew
 partly over the town of Baddeck, and
 for a distance of two and one half
 miles beyond; then, making a circular
 turn, it came back over the same
 course and McCurdy made a beautiful
 landing within twenty yards from the
 aerodrome shed.

Mr. McCurdy was modest in refer-
 ring to his feat after it had been end-
 ed. He gave the greatest of praise to
 the Wright brothers, of Dayton,
 who now are making flights in Eu-
 rope. He said:

"The Wright brothers have my
 greatest respect in remaining in the
 air for two hours and twenty-two min-
 utes."

AERONAUT LOST AT SEA.

Los Angeles, March 9.—Lester Elk-
 ins, aged 22, an aeronaut, who attempt-
 ed a balloon flight and parachute jump
 at San Pedro yesterday, was carried
 by a strong wind out over the ocean
 and from a height of 4,500 feet drop-
 ped into the outer bay and was
 drowned. His home was in San An-
 tonio, Texas.

AVIATORS IN NARROW ESCAPE.

Antwerp, March 9.—Henri Leblanc
 and Louis Dupont, French aeronauts,
 had a narrow escape from death by
 drowning today while crossing the
 river Scheldt in a balloon.

They mistook a sandbar in the mid-
 dle of the river for the shore and
 started to come down. They missed
 the bar and struck the water, the wind
 driving the car over the surface. The
 two men were forced to climb into the
 rigging and were time and again im-
 mersed. Finally the balloon was
 driven to the shore and the two men,
 half drowned and exhausted, were
 rescued.

HOOSIERS IN GOTHAM.

Senator Shively to Address Indiana
 Society of New York.

New York, March 9.—On March 15,
 at the Waldorf-Astoria in this city,
 Senator Shively and other eminent and
 distinguished people will address the
 Indiana society of New York, on the
 occasion of its annual banquet.

The society, of which Col. James B.
 Curtis, formerly speaker of the Indi-
 ana house of representatives and cap-
 tain of the Indianapolis Light ar-
 tillery, is president, is doing much
 good by supplying a rallying point for
 Hoosiers in New York.

The annual banquet is one of the
 most successful of such things given

and the list of speakers always sur-
 passes that of other state society
 events for the reason, of course, that
 Indiana is the hot-bed of oratory, as
 well as of literary accomplishment.

The society congratulates itself on
 securing as its star guest this year
 Senator Shively, who is admitted to
 be not only one of the most eloquent
 speakers in the senate, but with the
 possible exception of Senator Bever-
 idge, the best looking man in that dis-
 tinguished body.

Invitations to the banquet and all
 information about the society may be
 secured on request to Horace B. Hord,
 secretary, 38 Park Place, New York.

WORKING ALL DAY AND NIGHT.

Extra Shift On the Shoaff Building
 Works By Arc Lamps.

An extra shift of men that works
 at night has been added to the list of
 workmen now on duty in erecting the
 new Shoaff building on Calhoun street.
 To make this possible Contractor
 Stillwell has strung two arc lamps
 over the site, arranged so that they
 can be shifted in either direction. In
 this way Mr. Stillwell plans to take
 advantage of the fair weather and pos-
 sibly complete the building before the
 time limit is up. The steel for the
 building has been ordered shipped.

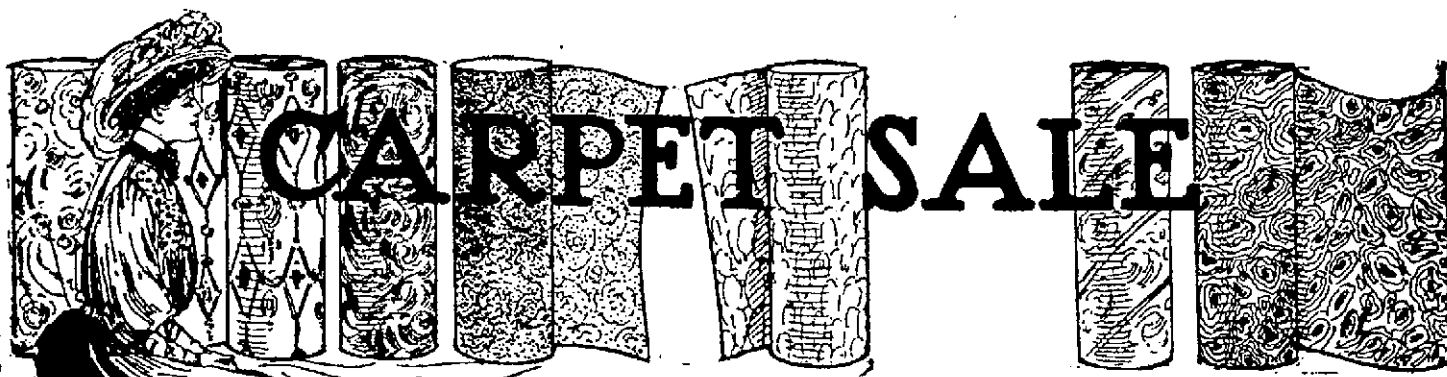

POPE PIUS MUCH BETTER.

Rome, March 9.—The pope, who has
 been suffering from a cold, is much
 better today. The beautiful, spring-
 like weather has had a good effect on
 the patient. He has not yet been al-
 lowed to come down to the state apart-
 ments, but he insists upon resuming
 his audiences in his own private
 apartments.

SIMPLE REMEDY FOR LA GRIFFE.

ONE UP THE TOMACH

Rid of the Gas,
Headaches and
Dizziness.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some the sight of food. Of there is a feeling as of weight on the chest, a fullness in the throat. Sometimes the gas presses on the stomach and leads the sufferer to think he has heart disease. Headache is a frequent distressing symptom. A very delicate stomach requires easily digested food nature never intended the food should be digested before it is eaten. The stomach must be strengthened to perform its own work and it needs is not food already digested but a tonic. The processes of digestion controlled by the blood nerves, and medical science has produced no better digestive tonic than

Dr. Williams' PINK PILLS

"Fighting Bob"

on

Murret Disasters!

The best instalment yet of Admiral Evans' now world-famous series. A horse sense talk to the American people about the navy. Full of accurate information, color, vividness and patriotism.

The best magazine feature of the New Year," says one author.

If you are an American, don't forget to read this series.

And, unlike most of the things on the market, this will be a pleasure.

HAMPTON'S

MARCH—on sale now

More Americanism—Read Rex Beach's new serial, "The Silver Horde"—better than "The Trail of the Lonesome Pine."

One hundred per cent. readable. No sawdust. No padding. Among other great features in this new magazine that 200,000 people declare the best in America are:

An Amazing Article on "Psychic Research"—Vance Thompson's contribution, "On the Trail of the Ghost" propounds a remarkable theory of psychic phenomena.

A Conscience-Arousing Fact-Story of "Night Riding"—The shameful details in the case of the Black Patch tobacco war.

Worse than the Guerrilla raids of the Civil War.

Do you want to go to East Africa with Roosevelt?

The Boer ivory hunter, Capt. Fritz Duquesne, whose great article in February Hampton's is being widely imitated by other magazines, has another piece in March.

Captain Duquesne's articles will give you all the excitement and thrill of Roosevelt's trip, with none of the discomfort.

An Honest Man's Work in the Senate—A character sketch of La Follette, "Political Evangelist."

Wall Street and the Banks—Telling how your money gets into the great gambling game.

Rex Beach's Newest Serial—"The Silver Horde"—and is better than the work 'round them.

Josephine Daskam Bacon, Mary E. S. Andrews, Charles Battell Lewis and others.

MODEL FOR TARIFF BILL HAS BEEN FRAMED

Will Raise Revenue While
Lowering the Duty on
Many Things.

Washington, March 9.—Portions of the new tariff bill were sent to the government printing office last night, and it is expected that the entire measure will be in type by Wednesday. While nothing was officially given out as to the recommendations of the framers, Washington heard many of the changes they are said to have asked.

President Taft is seeking to have a copy of the bill delivered to the senate committee on finance before the special session begins in order that the members may begin work on it at once, believing that much time will be saved.

He conferred with Secretary MacVeagh, Speaker Cannon and Senator Aldrich on the tariff changes yesterday.

In the talk about the new schedules it is reported, among other things, that despite the great cuts to be made on certain classes of goods the new measure will provide additional revenue of at least \$350,000,000 annually. Fifty millions of this increase, it is said, will come from the advance on coffee, on which a duty of 4 cents will be levied. This is a compromise with the Porto Ricans, who asked a 6 cent levy.

Act of 1898 to Be Revived?

Another radical change said to have been asked by the framers of the revenue will be a return to the war revenue act of 1898, placing a tax on telegrams, bank checks, playing cards, and all stocks bought and sold. That feature of the war revenue act is incorporated in the measure as drafted.

It is rumored around the capitol that duties on steel rails, tools and similar products have been submitted to a substantial reduction.

It also has been learned on good authority that the committee has recommended that hides be placed on the free list and that there is to be a great reduction in the duties on shoes. There will be a hard fight over this section when the bill comes up for passage. The effort to obtain free hides is being made by the New England shoe and leather manufacturers, and is strongly opposed by the cattle men of the west. An impression prevails that the plan is to have the hide and leather schedule fixed in conference after the questions have been thoroughly thrashed out on the floor of the house and senate.

Lumber Duty Cut One-Half.

A cut of one-half in the duties on lumber and manufactures of lumber is understood to be another one of the changes provided. During the hearings of the lumber schedule it was said the forests of the country could only be conserved by admitting foreign lumber free of duty.

It is understood that Gifford Pinchot, chief forester, is preparing figures for the committee in a further effort to have lumber placed on the free list. Champ Clark declared at the hearings that the profits of the lumber interests were unduly large.

Representative Fordney, of Michi-

gan, a member of the committee, has championed the cause of the lumber men, and the latter have been working energetically to prevent the free entry of lumber. They contend that the rates of duty should be increased in order that the American industry may compete with the cheaper labor employed in Canada and because of the better facilities for transportation afforded by the proximity of the Canadian lumber camps to waterways.

Whisky and beer will remain as they are at present, if the subcommittee recommendations are enacted into law. It was felt that whisky was already carrying all the tax it could stand, while in the case of beer the prohibition movement throughout the country, it was explained, had cut down the consumption of beer, and it was felt that it would be a hardship to impose any further tax.

Taft's Conference with Leaders.

While the house committee was working on the finishing touches of these sections President Taft, Secretary of the Treasury MacVeagh, Speaker Cannon, and Senator Aldrich were in conference in the white house on the problem of financing the government—providing the necessary funds to carry on the projects under way and maintain the plans of the Taft administration and making the demands square with a new tariff schedule.

The necessity for the enactment of a tariff bill at the earliest possible moment was discussed. Whether a definite policy was outlined at the conference could not be stated. That the manufacturers and other large interests are demanding early tariff legislation and that the business conditions of the country are necessarily unsettled until the tariff schedules are finally fixed by congress were the principal reasons given for the desire to permit nothing to interfere with prompt action by congress at the special session.

The possible delay which the house "insurgents" may cause was thoroughly gone into. The conferees agreed that every republican in the house and senate is pledged by the party platform to let nothing interfere with an immediate revision.

Will Demand Real Revision.

President Taft's special message on tariff revision will contain no reference to specific schedules, but he will fight for a genuine revision and will be satisfied with nothing less.

Regarding the \$100,000,000 deficit which confronts his administration, Mr. Taft suggests the possible necessity of an inheritance tax. Secretary MacVeagh has allowed himself to be quoted as to the possible necessity of

DR. HARDMAN SPECIALIST

I Cure Pelvic, Nervous and Chronic Diseases

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now cured and satisfied and are enjoying the blessings of health.

Many of these I have cured after they had sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

I have spent years in the study and treatment of Pelvic, Nervous and Chronic Diseases and have perfected methods which will not only positively and permanently cure these chronic and deep-seated diseases but will restore to normal and healthy condition the broken-down and devitalized organs.

Think it over and consider if you can afford, as a matter of business, to neglect yourself and risk FAILURE because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some PELVIC OR CHRONIC disease, which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

In this day of active competition to attain that measure of SUCCESS for which we were intended it is absolutely necessary that all the faculties should be unimpaired.

I REPEAT, NO MAN CAN AFFORD TO RUN THE RISK OF FAILURE BECAUSE OF BEING HANDICAPPED BY DISEASE.

READ THIS

Here are a couple of sample letters from among the many I have on file in my office. Would you not like to be one of the many whom I have cured?

To Whom It May Concern: October 8, 1908.

This certifies, with pleasure and gratitude, that Dr. W. E. Hardman has cured me of about as bad a case of prostatic enlargement and inflammation as any man could have suffered with as I did for ten years. I spent enough money to buy a good farm with specialists and doctors in Chicago and also in Buffalo, N. Y., when I was in business at Niagara Falls and not one of them gave me any relief until Dr. Hardman treated me and explained my trouble, which came about by horseback riding and unfitted me to attend to my business.

Had I met Dr. Hardman years ago, and had him cure me then, words cannot explain what it would have been worth to me.

I can only say I am a well man and I know Dr. Hardman will cure any case he starts with, for he has cured me and I am satisfied and thankful. Yours respectfully, W. H. PEASE.

Proprietor European Hotel, Fort Wayne, Ind.

Fort Wayne, Ind.

DR. HARDMAN:

Dear Friend:—In reference to yours of recent date I wish to say to the public or those who are afflicted with any chronic disease that they can not afford to pass your office and suffer.

I, for one, know whereof I speak. Having been afflicted with a very troublesome chronic disease of many years standing, I have spent much hard earned cash in my efforts to get well, but until I began treatment with you I received no benefits whatever. While I am still under treatment with you I feel practically a well man.

I would gladly answer any question or letters of inquiry concerning you or your methods, and assure you that I cannot praise you too highly for what you have done for me.

Very truly yours, G. W. COON.

2313 Oliver St.

PROSTATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact the causes are so many and varied that fully 75 per cent of all adults are afflicted to a greater or less extent by this disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove Stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC.—Cured without detention from business and without the use of the knife.

CONSULTATION AND ALL COMMUNICATIONS STRICTLY CONFIDENTIAL.

OFFICE HOURS—9-12, 1-5. EVENINGS, 7-8. SUNDAY, 9-1 ONLY. WRITE OR CALL ON

West of Transfer Station.

DR. HARDMAN

Fort Wayne, Indiana.

111 West Main Street.

EVERY MAN who does less than he should do at his desk, in the shop or on the farm is weak in some way. I have found that the man who cannot accomplish all he expects or hopes for is often the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body.

These neglected or unknown conditions are usually diseases of the pelvic organs which reflexly act on the organs of digestion, of elimination and the nervous system, which in turn has its influence on the brain. I have made a special study of the nervous system, and have perfected methods that will CURE Pelvic Diseases.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated PELVIC DISEASES, such as VARICOCELE, PILES, FISTULA, STRICTURE, etc. I not only remove the cause, but my many years of experience in the treatment of nervous and pelvic diseases enable me by my special methods to revitalize the entire nervous system and to restore to perfect health all sufferers from NERVOUS BREAKDOWN AND VITAL WEAKNESS.

EXAMINATION—My facilities for examination are unexcelled. I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken down nervous system and many more of the troubles of the STOMACH, LIVER, KIDNEYS, ETC., are reflex, and are the direct results of some PELVIC LESION OR DISEASE.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

Wife and Child Bereft Because He Failed to Report to Probation Officer

JOSEPH SCHARFF

"FOLIE" SCHARFF

MRS. ELSIE SCHARFF

New York, March 9.—Mourning at most as one dead by his young wife, who has scarcely tasted food since his arrest, and who in her destitution and despair constantly threatens to end her troubles by taking her life, Joseph Scharff is serving his first days of imprisonment in the great, gray prison at Sing Sing and bitterly lamenting his disregard of the order of Judge Malone, of the court of general sessions, commanding him to report regularly to a probation officer. It was

this disregard that led the court to send for him the other day and condemn the young Austrian to four years of prison life.

About a year and a half ago Scharff was arrested on a charge of having abducted a pretty girl named Elsie Frankel, an Austrian like himself. When he was arraigned in court he pleaded guilty, but declared he loved the girl and that she loved him and that he wanted to marry her. Judge Malone therefore suspended sentence on the young man, the only condition

imposed by the court being that the husband should report at stated times to Mrs. Walker, Judge Malone's probation officer.

As the months went by the young man occasionally omitted to make the calls upon the probation officer, and finally stayed away altogether. At any rate the young man's failure to appear was duly reported to Judge Malone, who had Scharff rearrested, and when he was brought before him sentenced him to Sing Sing for four years.

Licensed to marry: Albert H. Knight and Laura E. Kelsey.

About 200 seats are sold for the performance of "Young Mrs. Winthrop" tonight.

Sam Thanhouser, of Beloit, Kan., is in the city. Mr. Thanhouser used to be a merchant here.

D. L. Harding, the ex-justice of the peace, is expected in the city Monday. He will reside here, England not particularly suiting him.

Charles Strack has invented a perpetual motion machine which he says knocks the Keeley motor cold. Mr. Strack has worked on the invention several years.

Marshal Falck will be presented with a handsome gold watch and chain next Tuesday night after council meeting. Frank then resigns the office of marshal to travel for A. C. Trentman.

The Hoosier Farmer club of Wayne township met last night and elected the following officers: President, Frank Barlett; vice president, Fred Lohmeyer; secretary, Herman Philley; treasurer, Jacob Wagner. About fifty members were present.

George W. Hand was chosen chairman of the democratic county central committee, succeeding C. A. Zollinger, elected chairman of the congressional committee. Homer C. Hartman was elected chairman of the republican central committee, and O. A. Simons was named as delegate to the national convention.

For several weeks a number of gentlemen have interested themselves in the Railroad Y. M. C. A. Last night the executive officers of the associa-

tion were selected, as follows: A. H. Polhamus, chairman; E. S. Philley, vice chairman; C. H. Newton, recording secretary; Enoch Cox, C. B. Steimen, Israel B. Adams, W. D. Hartstuf, T. A. Hildreth J. C. M. Baker, David Lamb, A. R. Wakefield, J. T. McCulloch.

William Meyers has been offered an umpireship in the Northwestern league. He prefers to remain in the wholesale department of Meyer Bros. drugstore.

AN ITCHING PALM

No Cure for It. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even poslam, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, poslam will stop the itching at once and cure the worst cases in a few days. So with: hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Poslam comes in two-dollar jars, but fifty cents worth will answer in curing any of the diseases mentioned. It can be had of any druggist. Meyer Bros. Co. make a specialty of it.

That results are immediate will be amply demonstrated over night by the use of the experimental sample which the Emergency Laboratories, 22 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

THE SHOP AND RAILROAD NEWS

SPECIAL MAKES GOOD TIME.

Roosevelt Club Given Good Ride on Pennsylvania.

When the special train carrying the Roosevelt club, of St. Paul, on their way home from Washington, arrived at the Pennsylvania station at 5:15 o'clock this morning, two men wearing the uniform of the club jumped off one of the cars and looked the train over. One remarked: "Well, she seems to be all here," and the other replied, "Yes, that's so. I wonder how she got back on the tracks. When I looked out of the window a half-hour ago we were going across country at the rate of 100 miles an hour and about 600 feet from the ground." Then turning to a station attaché, one of the men said, "We have just had the ride of our life. It is just one hour and fifty-seven minutes since we left Crestline and I understand that that city is 132 miles away. Out in Minnesota they don't run trains that fast." When informed that the time of their train lacked twelve minutes of the speed record over that stretch of track, the travelers looked upon their informant with incredulity, but as the engines had been exchanged and everything ready for the run to Chicago, they had no time to argue the question and they climbed aboard the car and their train was soon reeling off miles at the rate of over seventy an hour. The special train was hauled from Crestline to this city by engine 7489, with Engineer J. C. Pearson and Fireman R. C. Elliott in the cab.

HELD ANNUAL MEETING.

Tent and Awning Company Elected Officers Last Night.

The Fort Wayne Tent and Awning company, which has a factory and store room at 1740 Lafayette street, held its annual election last night with the following results:

President, L. F. Rodenbaugh; vice president, C. Laughlin; treasurer, O. C. Obenchain; secretary and manager, E. M. Pfeiffer. The new men on the roster are Mr. Laughlin and Mr. Pfeiffer. Mr. Laughlin will be the factory superintendent in addition to performing other duties. The company has

not been running the factory steadily for some months, but commencing to day business will be pushed along to the full capacity of the plant. Electrically equipped machines have been installed, which will double the capacity of the plant without any increase in the force of operators. The business outlook is very good, President Rodenbaugh said this morning.

ASK GOVERNOR TO SIGN IT.

Federation Interested in Bill No. 215.

At the request of Representative Shirley and the unanimous consent of the Fort Wayne Federation of Labor at its meeting last night, the following telegram was sent:

"To Governor Thomas Marshall, of Indiana, Indianapolis, Ind.:
"On behalf of 5,000 organized laboring men of Fort Wayne represented in the Fort Wayne Federation of Labor, you are requested to sign house bill No. 215, by Shirley."

"J. FRED REILING, Secretary."
This bill is a measure aiming at the prevention of contagious diseases. It passed both the senate and the house and will become a law without the governor's signature, but Representative Shirley, for some reason, wanted Governor Marshall's approval of it and he took this method of calling special attention from the governor to it. Roy Packard, of Muncie, was at the federation meeting last night and made an address in the interest of the locked-out hatters of the east, 90 per cent. of whom are locked out and in need of funds. A proposition to financially aid them was referred to the individual unions. Mr. Packard is the fifth vice president of the Indiana Federation of Labor and after the business of the evening was completed, he gave a talk in the interest of union labor generally.

VALVE MOTION TONIGHT.

Fred Huston to Lecture at Railroad Y. M. C. A.

Fred Huston, motive power inspector of the Pennsylvania, will deliver a lecture on "Valve Motion" at the railroad Y. M. C. A. tonight and will use a number of charts and drawings to

emphasize his remarks and bring out plainly the thoughts he wishes to impart to his hearers. The lecture should interest all railway men and particularly engineers, firemen and mechanics engaged in the erecting departments of the shops. Tomorrow evening Capt. H. M. Dehl will lecture at the same place on the subject of "Air Brakes." This, too, will be especially interesting to shop men and men in the train service.

DISCUSSING PIECE WORK.

All of Pennsy General Shop Foremen Here.

All of the general car foremen of the Pennsylvania Northwest system are today holding a meeting in the committee rooms back of the planing mills. J. A. Graham, of this city, is presiding and the other participants are F. C. Kroff, Chicago; J. Richman, Toledo; A. L. Hale, Cleveland; H. Meinhardt, Chicago; John Schaff, Crestline; A. Fisher, Wellsville; J. Denick, Chicago; S. Bliss, Ashtabula; G. E. Geise, Allegheny, and G. J. Dune, Conway. Other Pennsylvania men in the city today are Capt. W. Y. Cherry, of Wellsville, and Charles W. Hall, of Allegheny, each being general foreman of the company's shops in their respective places.

TALK ON CAR LIGHTING.

T. R. Cook to Deliver Lecture to Electrical Engineers.

The American Institute of Electrical Engineers will hold a meeting at the rooms of the Fort Wayne Engineering and Manufacturing company in the Michael's building, next Thursday evening. T. R. Cook, assistant engineer of motive power of the Pennsylvania, will be the chief speaker. He will talk on "Car Lighting," a subject he is eminently familiar with.

FIREMAN INJURED.

Michael Lager Fell From Engine at South Depot.

While at work on the engine which was about to leave the city with Pennsylvania train No. 37 this morning, Fireman Michael Lager slipped and fell, injuring his groin severely. He was compelled to give up the run and a substitute was sent for. Mr. Lager is not seriously injured and will soon be at work.

GONE TO FATHER'S FUNERAL.

Joseph F. Hegemeister, a train dispatcher in the Grand Rapids and Indiana office, accompanied his father's remains to Beecher, Ill., where interment was made this afternoon. Henry Hegemeister, the deceased, was one of the oldest inmates of the Old People's home at Avilla, being upwards of eighty years old. He died of heart disease at the home last Saturday.

MOVING TO FORT WAYNE.

ly back to Fort Wayne to reside. For several years they have resided at St. Thomas, where Mr. Cheney has been employed as an inspector of accounts for the mechanical department of the Wabash. He will resume his old place in the company's shops in this city. Mr. Cheney is a machinist.

IN HIS NEW OFFICE.

Last night General Foreman Henry Elsie and his clerical force, of the Wabash, moved into the handsome and commodious new office at the southwest corner of the main shop, which has just been finished. The office site was formerly the engine room. The old office will be torn out and machinery installed there as soon as possible.

INDUSTRIAL NOTES.

Supt. J. C. Sullivan, of the Wabash, was in the city yesterday.

John Henry Tremmel has taken a position at the Pennsylvania round house.

Fireman G. C. Metcalf, of the G. R. & L., is improving slowly after a severe attack of the quinsy.

E. Steil, a painter at the Pennsylvania shops, is off duty on account of the sickness of his wife.

Robert Rehner, night switchman at the Wabash yards, is on duty again after a few nights' lay off.

Boiler of Fireman Charles Zollinger, of the Wabash, went to Montpelier on business for the company today.

Paul Lechle, storekeeper at the Bass foundry, is on duty today, after being absent on account of the sickness of his baby.

Jerome Werstein, clerk for Foreman Frank Benoy at the Bass boiler shop, is sick and off duty, being threatened with pneumonia.

Machinist Lloyd Keller, of the Pennsylvania round house, is threatened with pneumonia and is quite sick at his home. He was taken ill last Sunday.

John H. Clarke, general counsel for the Nickel Plate, who underwent an operation at a Cleveland hospital a few days ago, is reported to be improving rapidly.

The City Suburban Realty company has started the erection of two dwelling houses at the corner of Creighton and Hoagland avenues, which will be completed early in April.

Amos Loucks, the carpenter who lost two fingers while at work at a buzz saw in the factory of Rhinesmith & Simonson a month ago, was able to report there for duty this morning.

Ed Haffner is erecting a house on a lot on Hoagland avenue, which will be his home some day. Mr. Haffner is a member of the engineering corps of the Fort Wayne Electric works.

Mrs. Burns, wife of Pennsylvania Engineer James Burns, is recovering from an ailment for which she has been taking treatment at the St. Joseph hospital the past week. She is still at that institution.

S. F. Bowser and S. B. Bechtel have returned from a business trip in the east in the interest of the Bowser company. They are optimistic concerning the business outlook for the oil tank company.

S. H. Center, foreman of the boiler department of the Pennsylvania round house, is still suffering severely from the injury to his back received a week ago. It will be several days before he will be able to report for duty.

Division Freight Agent W. A. Sprott, of the Wabash, was looking after business in the city yesterday and greeting his numerous friends about the depots and business centers. Mr. Sprott has been coming to Fort Wayne at frequent periods for many years and is known by all the business men.

Flagman F. F. Rodenbaugh, of the Pennsylvania, who was severely hurt two weeks ago by being struck by an engine at the depot, is around on crutches and makes daily visits to the tent and awning factory on Lafayette street, in which he is financially interested. He will soon be able to resume his train duties.

William J. Sharp, division superintendent of the Baltimore and Ohio, with headquarters at Garrett several

years ago, died at Rochester, N. Y., as the result of injuries sustained in an interurban accident last Thursday. For several years Mr. Sharp had been division superintendent of the Rochester division of the Erie.

B. J. Kramer, C. J. Krueger and R. A. Reim, Pennsylvania shopmen, are sick and off duty. G. Nahrwald, a boilermaker, is off duty with an injured eye. A piece of steel flew in the optic while he was operating an air motor in chipping boiler plate.

Frank J. Ruch, who was sick a week, resumed his duties in the Pennsylvania copper shop this morning. He is a pipefitter.

R. J. Fisher has returned from a business trip in the interest of the Bass company and says the feeling among business men and manufacturers in the cities visited by him is decidedly more optimistic than it was a few days ago. In other words there is every indication of a revival of the industrial and mercantile business of the country.

Machinist George Poyser, who has been in the railway hospital at Peru a month, will come home if the improvement now going on continues. Mr. Poyser had a very narrow escape from a fatal termination of an attack of blood poisoning, growing out of the most insignificant little wound on one of his thumbs. It will be several days, however, before he will be able to resume work at the Wabash shops, where he is employed.

Mrs. Larimore, wife of Pennsylvania Engineer C. W. Larimore, returned from Whitley county last night and reports that her parents, Mr. and Mrs. W. C. More, who were dangerously ill, are improving and give promise of recovery. Mrs. Larimore was at the bedside of her parents two or three weeks. Motive Power Inspector F. E. More will remain at the home of his parents a few days.

Engineer H. L. Chapman, of the Vandalla, who was hurt at the Pennsylvania round house a week ago, submitted to an X ray photograph of his chest and shoulders yesterday with a view of locating the seat of trouble, which has so far remained a mystery. When Mr. Chapman was injured it was supposed he was merely squeezed about the chest and would speedily recover, but he was hurt more seriously.

Thomas Quinn, operator for the Pennsylvania at the Wayne trace, now carries his lunch in a basket made from the skin of an armadillo. The basket is a present from Earl Reasor, formerly of this city, but now located in Texas. This lunch receptacle is not only unique in material, but in construction and is quite a novelty. Mr. Quinn fell in getting on a train a week ago and smashed his former lunch basket into a shapeless mass and the new one came just in time to fill the vacancy.

The fate of a passenger on east-bound Nickel Plate train No. 2 last Friday is a matter of considerable concern to the officials of that road. When the train stopped at Bellevue, two passengers alighted and went into a restaurant for something to eat. When they came back to the station the train was pulling out and one of the men grabbed the hand rail and got on the step outside the vestibule and was clinging there when the train

Try it on the dog

Nothing will please Fido more than a Whit bath—and nothing will keep him free from lice and fleas like Whit—it lathers freely in hardest water and it "grabs the dirt"—Just apply Whit—water—rub—rinse—and—

DEEDS, NOT WORDS

Fort Wayne People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Fort Wayne kidney sufferers, have made their local reputation. Proof lies in the testimony of Fort Wayne people who have been cured to stay cured.

Jesse Patton, Charlotte Ave., R. F. D. No. 15, Fort Wayne, Ind., says: "I suffered from kidney complaint for years. The kidney secretions were highly colored and frequent in passage and my back ached so steadily that I could scarcely work. When I stooped, I grew very dizzy and I was in misery all the time. Hearing about Doan's Kidney Pills, I procured a supply at Meyer Bros. Co.'s drug store and they brought such good results that I can recommend them highly."

The above statement was given in April, 1906, and in December, 1908, Mr. Patton added: "I cheerfully confirm my former endorsement of Doan's Kidney Pills, as I have not suffered to any extent from kidney complaint since. I will recommend this remedy at every opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PROMPTNESS IN DELIVERING ORDERS

Is one of the essentials of a well conducted business. Just telephone us your wants and see how quickly we will get them to you.

Habits Stick Like Tar

One is easy to "clear off," (the Coffee habit.)

The Way?

In place of Coffee, use well-made

POSTUM

brewed a deep, rich, seal brown which turns to golden brown when good cream is added.

HABIT'S CHAIN

Certain Habits Unconsciously Formed and Hard to Break.

An ingenious philosopher estimates that the amount of will power necessary to break a life-long habit would, if it could be transformed, lift a weight of many tons.

It sometimes requires a higher degree of heroism to break the chains of a pernicious habit than to lead a forlorn hope in a bloody battle. A lady writes from an Indiana town:

"From my earliest childhood I was a lover of coffee. Before I was out of my teens I was a miserable dyspeptic, suffering terribly at times with my stomach."

"I was convinced that it was coffee that was causing the trouble and yet I could not deny myself a cup for breakfast. At the age of 25 I was in very poor health, indeed. My sister told me I was in danger of becoming a coffee drunkard."

"But I never could give up drinking coffee for breakfast, although it kept me constantly ill, until I tried Postum. I learned to make it properly, according to directions, and now we can hardly do without Postum for breakfast, and care nothing at all for coffee."

"I am no longer troubled with dyspepsia, do not have spells of suffering with my stomach that used to trouble me so when I drank coffee." Name given by Postum Co., Battle Creek, Mich.

Look in each pkg. for the famous little book, "The Road to Wellville."

"There's a Reason."

ROOSEVELT'S MEDICINE CHEST.

Will Take Equipment for Hospital to Africa.

New York, March 9.—Medicine enough for a regiment and surgical instruments enough to do the work of an ordinary hospital will be carried by Theodore Roosevelt to Africa, all condensed so as to fill a suit case. There are 15,000 doses in the tablets, nearly 40 per cent of them quinine. The other medicines are to ward off diseases most prevalent in equatorial Africa; chemicals to make swamp water pure and palatable, cures for snake bites, stimulants, opiates, knives and bandages.

The outfit has been made for the Roosevelt expedition by an American firm whose principal offices are in London, though its plant is in New Jersey. The firm supplied Livingston, Stanley, Emin Pasha, Peary, the Duc d'Abruzzi and other explorers with medicine chests.

NAMED TO SUCCEED KNOX.

Harrisburg, Pa., March 9.—George T. Oliver, of Pittsburg, was today named as the republican candidate for United States senator to succeed P. C. Knox by the joint caucus of the senate and house.

The Rurode DRY GOODS CO.

An Attractive Exhibition and Sale of ORIENTAL RUGS

We are showing a fine collection of Oriental Rugs, every one selected because expert judgment found true merit in it. Five out of every six housekeepers would like to own one or two oriental rugs but feel that they cannot afford it. The enormous profits so often exacted by dealers in oriental rugs have given good ground for this belief, but we sell rugs on the same margin of profit as everything else and we price them so reasonable that considering their beauty and durability they are the best rug to buy.

In This Collection

will be found gems of oriental art in all sizes from a mat to a carpet. Look the list over: Shirvans, Shiraz, Karabagh, Mosul, Daghestan, Kasacks, Guendji, Sirarband, Ivan, Sarouk, Bokhara, Kermanshah, Feraghan, Anatolian Mats and Saddlebags. It will be our pleasure to show you whether you wish to buy or not.

We Have With Us

Mr. Alexanian, of Constantinople, Turkey, an expert in cleaning and repairing oriental rugs. Consult him if you have any work to be done.

The Rurode Dry Goods Co.

NEW KENTUCKY COAL

is DOMESTIC COAL—Makes a hot fire, little ash and no clinkers. The cheapest coal on the market. Sold by GEO. H. KRUDOP, Phone 135, Cor. Francis and Hayden Sts.

TUESDAY, MARCH 9, 1909.

CITY BREVITIES.

Sheriff W. A. Lipkey, of Wells county, was a visitor in the city yesterday.

Mrs. Walter Bicknell is confined to her home on West Pontiac street with sickness.

S. R. Hoffman began work this morning with the W. T. Buckles sign painting firm.

The inspection of battery B by Major Stevenson scheduled for last night was postponed because of the failure of the inspection party to arrive.

The General Electric company has shipped the new motor for the south side pumping station and it is hoped to have it installed within the next ten days.

Mrs. George Wohlford has been removed from her home at 2020 Hanna street to the Lutheran hospital. She is in a rather serious condition, suffering from peritonitis.

A check for \$1,500 signed by Postmaster R. B. Hanna was found on Berry street last evening by Patrolman Johnson. It had been dropped as Mr. Hanna was returning to his home.

Charles Hawes, the agent of the labor department of the bureau of commerce and labor, who has been in the city for some weeks investigating factory conditions, left the city yesterday.

Fred Graffe was able to resume his place as night clerk at the police station Monday night after an absence of seven weeks due to a broken leg. Mr. Graffe is still unable to walk without the use of crutches, but the limb is rapidly gaining strength.

A lecture on the Philippines will be given by Capt. Ivers W. Leonard, U. S. A., in the Concordia college hall on the 19th of this month. The talk will be illustrated with stereopticon views and a small admission fee will be charged to cover the expenses.

How to Cure Skin Diseases

The germs and their poisons must be drawn to the surface of the skin and destroyed. Zemo and Zemotone will do this and cure any case of skin or scalp disease, no matter from what cause or of how long standing. Write for sample. E. W. Rose Med. Co., St. Louis, Mo. See photos of cures and window or show case display at Meyer Bros. Co.'s Three Drug Stores.

Free demonstration of Bursley's India and Ceylon Tea at The People's Store all this week. Come in and have a cup—it's free.

WANTED—A few persons suffering from abdominal rupture to get cured free. No operation. Don't miss this opportunity to get cured. Box 10, care Sentinel.

WHITE FRUIT HOUSE

DEPARTMENT STORE BULLETIN

Shopmen's Attention!

No need of big Grocery Bills or overcharges, if you keep your eye on the Bulletin. Our new plan of assortments will greatly help you in keeping down the cost of maintaining your home. Why pay others 25% to 50% more for supplies, when the Fruit House sells so reasonably. Our goods are all marked in plain figures, and quality is open to your examination at all times. No risks taken when you leave your orders with us.

Grocery Assortment No. 7

25-lb. Sack Best Quality Granulated Sugar for 88c. This is the greatest bargain ever offered, and is contained in the Big Grocery Assortment No. 7. Positively we cannot break assortments, as every item is figured at its lowest cost. We ask you to compare prices:

Meyer's

A word about our Rubber Goods

Every piece of Rubber Goods that you buy at our stores is made of pure para rubber. If you need a Fountain Syringe, Hot Water Bottle, Atomizer, Rubber Gloves, look at our stock and see how fresh it is. It will last twice as long as some that has been on the shelf a long time.

EM-BEE-CO. RUBBER GOODS

We are proud of this line of Hot Water Bottles, Fountain Syringes and Combinations. We stand back of them too, by guaranteeing them for one year.

See them in our window at our Wayne and Calhoun St. store.

"Get the Meyer Quality."

CITY BREVITIES.

The Pearl theater will be the scene of a mass meeting of the Theatrical Mechanics' association on Wednesday evening at 11 o'clock, when the officers of the new lodge will be installed. R. F. Tumelson, grand president for Indiana, will be here to direct the work.

Drs. L. P. Drayer, S. H. Hayles and G. Van Sweringen will read the papers and lead the discussions at the regular meeting of the Allen County Medical society tonight. The society will also take a vote upon the question of raising the admission fee and yearly dues from \$3 to \$5.

Henrietta Waters was removed to the Lutheran hospital yesterday from her room at 812 West Washington street, after she had been found on the floor lying in a senseless condition. Upon reaching the hospital, however, she soon revived and her condition is not believed to be serious. She is seventy-four years of age.

MR. GULDIN NOT INJURED.

Front Part of Machine, However, Wrecked Upon Losing Control. O. N. Guldin, the president of the Western Gas Construction company, escaped unscathed in an accident that resulted from his losing control of his automobile while running on Fairfield avenue Monday afternoon. The front part of the car and the engine were practically wrecked, however, as a Wabash freight car attached to a switch engine was standing at the crossing and after plunging through the gates the front end of the car jammed under the freight and it required several men to pull it out. Mr. Guldin was somewhat shaken up, but escaped very fortunately. The fireman of the switching crew had seen the auto approaching and realizing that it was not under control, signaled his engineer to stop. Had this not been the case it is possible Mr. Guldin would have been seriously hurt. Mr. Guldin states that the brakes refused to work and the street was too slippery to reverse the engines.

How can any person risk taking some unknown cough remedy when Foley's Honey and Tar costs them no more? It is a safe remedy, contains no harmful drugs and cures the most obstinate coughs and colds. Why experiment with your health? Insist upon having the genuine Foley's Honey and Tar. Dreier & Bro.
